Day 1 Arrive in Cairo

Today we arrive in Cairo.*

Al-Qahira, literally "The Vanquisher" or "The Conqueror", is the capital of Egypt (about to be replaced by the city of "New Cairo"). The combined populations of the five cities that make up the metropolitan area on the Nile are over 21,000,000, making it the largest urban area on the continent. Nicknamed "The City of a Thousand Minarets" for its preponderance of Islamic architecture, Cairo has long been a centre of the region's political and cultural life.

* PLEASE NOTE - As tomorrow will be an early start and a full day, you may want to arrive a day early should your arrival time be late at night. Extra nights at the same hotel can be quoted/booked by your tour consultants once your flight schedule is known.

Overnight in Cairo.

Included Meal(s): Dinner, if required.

Day 2 Cairo: Great Pyramids & the Sphinx - Grand Egyptian Museum

This morning we kick off our comprehensive sightseeing program with some of the most iconic of Egyptian monuments: The Great Pyramids and the Sphinx.

Impressive in their grandeur, the pyramids are estimated to have been constructed over a period of 20 years using more than 100,000 labourers each year. The Great Pyramid of Cheops, constructed from over two million stone blocks, is 135m (443 feet) high! You may enter one of the pyramids through a long, narrow passageway and explore the deep inner chambers (OPTIONAL - extra fee applicable).

Later we visit the Sphinx. This feline-human was named by the Greeks because it resembled the mythical winged monster with a woman's head and lion's body. Legend has it that this "Sphinx" proposed a riddle to the Thebans and killed all who could not guess the correct answer! The Sphinx was carved from one solid piece of limestone.

We then continue to the Great Egyptian Museum (GEM), where we can break for lunch at your choice of one of several on-site restaurants/cafes.*

After our break, our visit of the museum begins with a 45-minute guided tour, with a "sneak peek" into this vast facility prior to the official opening of all of the galleries. As part of our tour, we will also learn about the history of the museum itself, including answers to the inevitable question: "why has it taken 20 years to build?" We will also learn of how the inspiration of ancient Egypt is reflected in the museum's design and its various components.

We'll also receive an explanation of one of the main themes that repeats throughout GEM -- "Kingship and Eternity" -- and witness how this is reflected in the monuments accessible to us on today's visit, namely: The Hanging Obelisk, the Colossal Statue of King Ramesses II, the ten Statues of King Senusret I (distance view), the Grand Staircase (distance view), double statues of Ptolemaic King and Queen, the Victory Column of King Merenptah, the statue of the god Hapy, and the Statue of King Ramesses II.

Our visit will culminate with the ground-breaking "Tutankhamun - The Immersive Exhibition," which takes us on a mythical journey to the mesmerizing world of Ancient Egypt. Through state-of-the-art digital projections, you will have the unparalleled opportunity to step into the astonishing life of the legendary Golden King via an awe-inspiring audiovisual adventure that spans an astonishing 3,400 years of history.

After our visit we return to our hotel for dinner and overnight.

* PLEASE NOTE that the above day description refers specifically to how our time in Cairo will be spent for our tours that occur in February/March 2024. After this time, as conditions warrant, this day will be adjusted to reflect our plans from Fall/Winter of 2024/25, when the GEM is expected to be fully-open to visitors.

Day 3 Cairo: Dahshur, Memphis & Saqqara

We have an early start for a full-day day of sightseeing. Our drive this morning takes us through the suburbs of Giza, past some small, colourful villages and plantations in the fertile Nile Valley.

We first travel to the stunning site of Dahshur, known chiefly for several pyramids, mainly Senefru's Bent Pyramid and the Red Pyramid, which are among the oldest, largest, and best-preserved in Egypt, built from 2613 to 2589 BC. These pyramids were an extremely important learning experience for the Egyptians as they provided knowledge and know-how to transition from step-sided pyramids to smooth-sided pyramids. Ultimately their breadth of experience would allow them to build the Great Pyramid of Giza.

We continue to Memphis and Saqqara, chronologically the two most important sites in all of Egypt. Memphis was the capital of Egypt during the Old Kingdom (ca 2700-2180 BC). Here we will see several statues in a garden-like setting, including the colossal statue of Rameses the Great.

From Memphis we travel a short distance to Saqqara, the ancient burial site for the people of Memphis. On the site, considered by many archaeologists to be one of the world's most important excavations, is the Step Pyramid, constructed by Imhotep in the 27th century BC. The pyramid began as a simple mastaba, or long, flat tomb building. Over the course of time, Imhotep added to this mastaba five times -- the pyramid eventually measured 62m (203 feet) in height!

While at Saqqara we also see the Serapeum, the tomb of the sacred Apis bulls that were associated with the god Ptah, whose cult center was in Memphis. An avenue of sphinxes leads to the Serapeum, which is composed of two long corridors that once housed the mummified remains of the bulls.

After a full day we return to our hotel.

Overnight in Cairo (Giza).

Day 4 Cairo - Fly to Aswan: The High Dam, Unfinished Obelisk & Philae Temple

Another early start for our flight to Aswan in Upper Egypt.* Aswan is Egypt's sunniest southern city and an ancient frontier town. Small enough to walk around and graced with the most beautiful setting on the Nile, the pace of life in Aswan is slow and relaxing.

On arrival we'll take a trip to the High Dam of Aswan. Constructed between 1960 and 1971, the High Dam collects and stores water over a number of years so that the annual Nile flood can be controlled. From here we will have a panoramic view of Aswan to the north and Lake Nasser to the south.

We also visit Philae Temple. The temple is dramatically situated on an island, so we enjoy a short boat journey to get to the site. The site is relatively small, but the charm of the setting and the excellent state of preservation makes this a must-see.

On our way back to town, we'll visit the 'Unfinished Obelisk'. The obelisk's creators began to carve it directly out of bedrock, but cracks appeared in the granite and the project was abandoned. The bottom side of the obelisk is still attached to the bedrock. The unfinished obelisk offers unusual insights into ancient Egyptian stone-working techniques, with marks from workers' tools still clearly visible as well as ochre-coloured lines marking where they were working.

* NOTE: The actual order of our sightseeing in Upper Egypt may vary depending on variables such as flight schedules and weather. Your Tour Leader will keep you apprised of any adjustments as the tour progresses.

Overnight in Aswan.

Included Meal(s): Breakfast and Dinner

Day 5 Aswan: St. Simeon Monastery & Kitchener's Island

This morning we will take a private boat across the River Nile to the west bank. From here we travel by camel across the sandy desert to the Christian Monastery of St Simeon. Before we begin this easy trek, our Tour Leader and camel trainer will teach you the technique of riding a camel. This is a journey that can be undertaken by anyone at any age (one rider per camel). Our trek is about 45 minutes to the monastery, and then 15 minutes back to the riverbank. Those who prefer not to ride can travel by open truck to the monastery and meet up with the group there.

Dating from the 6th century, and in use until the 13th century, the Monastery of St Simeon is one of the best-preserved Christian sites in Egypt. Inside we will see the chapel, living quarters, kitchen and dining areas, wine press, bake area and storerooms. On our tour we will also see the remains of some Coptic frescoes -- depictions of Christ and saints as well as many geometric patterns.

We then return to the banks of the Nile and re-board our boat and ride among the islands dotting the Nile. Up the hill, above the river, is the Mausoleum of the Aga Khan, spiritual leader of the Ismailis, a Shi'ite sect based principally in India but with followers around the world. The tomb is an elegant pink granite structure of late 1950 origin.

The main island in the middle of the Nile is called Elephantine Island because many of the rocks look like elephants bathing in the Nile. On the west side of the river is the beautiful Kitchener's Island, where we will have time to stroll through the rich botanical gardens.

Later this afternoon we have a leisurely sail on a felucca, a traditional sailing vessel used for centuries for carrying goods and passengers along the Nile.

Overnight in Aswan.

Included Meal(s): Breakfast and Dinner

Day 6 Aswan: Abu Simbel

A pre-dawn departure by road (+/- 3 hours, each way)* takes us south from Aswan across the Western Desert to Nubia, or the "Land of the Gold". Our destination this morning is the impressive Abu Simbel -- the imposing rock temples of Rameses II and his queen, Nefertari.

We have a guided tour of this site, including the interior of the colossal temples. The Temple of Rameses II, with its immense statues of the Pharaoh seated on his throne, is one of the classic images of the power of the Pharaohs. Inside the temple you will see well-preserved wall decorations and several murals. There is a wonderful relief of Rameses presenting captives to various gods, including himself! We also gain insight into the reconstruction process by visiting the interior of the artificial mountain. Return by road to Aswan in time for a late lunch.

* When visiting Abu Simbel we choose to travel by road instead of flying as the air schedules tend to be rather restrictive and do not always allow enough time at the site (much time is taken up by check-in, security, boarding, transferring etc). Driving frees us from this inconvenience and adds flexibility, plus allows us to see the High Dam en route. Departing very early ensures that we are at the site at the optimal time for photography; later in the morning, shadows fall across the temple making conditions less than ideal.

Overnight in Aswan.

Included Meal(s): Breakfast and Dinner

Day 7 Aswan - Luxor via Kom Ombo & Edfu

This morning we say farewell to Aswan and travel by road to the Temple of Kom Ombo. In ancient times, Kom Ombo was strategically important as a trading town on the caravan route from Nubia to Cairo. Kom Ombo, actually two temples in one, is dedicated dually to Haroeris (Horus) and Sobek, respectively the god of the sky and the crocodile-headed god. Here we are able to see the remains of a mummified crocodile. Crocodiles no longer exist in the Egyptian part of the River Nile, but in Pharaonic times they lived here in great numbers and were worshipped as gods!

From Kom Ombo we travel to the site of Edfu. As the largest and most completely preserved Pharaonic temple, albeit Greek-built, Edfu is dedicated to the god Horus. Construction of this temple began under Ptolemy III Euergetes I in 237 BC. We will allow time to explore this massive and impressive site, enclosed by walls and flanked by two large pylon gateways. Here we will also be able to see a Nilometer -- an

ancient technique of measuring the Nile's water fluctuations and setting the level of taxes

Overnight in Luxor.

Included Meal(s): Breakfast and Dinner

Day 8 Karnak Temple & Luxor Temple

This morning we start our day with a guided tour of Karnak Temple.

Karnak was built, added to, dismantled, restored, enlarged and decorated during its colourful history of over 1,500 years. At certain points in Egyptian history, this temple was the most important in all of Egypt. When we arrive at the temple you will be awed by the grandeur of the tremendous pylon gateway and the Avenue of 1,000 Sphinxes that originally ran all the way to the Nile and Luxor Temple! We will have a guided tour of the complex, massive by any standard.

After our visit, we enjoy a break before our evening visit to Luxor Temple. The temple was dedicated to the Theban Triad of Amun, Mut, and Chons and was built during the New Kingdom, the focus of the annual Opet Festival, in which a cult statue of Amun was paraded down the Nile from nearby Karnak Temple to stay there for a while, with his consort Mut, in a celebration of fertility. Luxor temple is considered one of the largest ancient Egyptian temple complexes situated on the eastern bank of the river Nile. At the entrance is a huge tower built by King Ramses II.

Overnight in Luxor.

Included Meal(s): Breakfast and Dinner

Day 9 Luxor: Valley of the Kings

Early this morning we cross the River Nile by boat to the West Bank where the wealth of antiquities is outstanding. On the other side we will meet our donkey-cart transport for our excursion into the Valley of the Kings through the New Gurna Village and into the countryside. Avoiding the busier road, we will witness quiet village life along the way for about 40-45 minutes before re-uniting with our road transport for the final leg into the Valley of the Kings.

Once in the isolated valley, dominated by large pyramid-shaped mountains, we will have a guided tour of three of the many tombs that are here.* The valley was the burial ground for kings throughout the New Kingdom. Note that some of the tombs have steep stairways and all are quite dark inside (you might find a pocket flashlight useful).

We then proceed to the funerary temple of Queen Hatshepsut -- the first woman to rule as pharaoh! We have a tour of this impressive complex, discovered in the mid-19th century and still under restoration.

After our tour we return by bus through the countryside back to the river and the East Bank. During free time this afternoon, we suggest a visit to the excellent Luxor Museum or Mumification Museum.

Tonight you may choose to visit the Sound and Light show at Karnak Temple (optional).

* We do not include the tomb of King Tut, as it is very small and not very interesting, relatively speaking, but we allow time for you to see it if you wish (separate ticket).

Overnight in Luxor.

Included Meal(s): Breakfast and Dinner

Day 10 Luxor: Valley of the Queens

This morning we make an excursion the Valley of the Queens.* After crossing the Nile we will board our bus for the short journey to visit this

wonderful necropolis on the western shore of the Nile.

□ The Valley of the Queens was used as a burial site for the royal women of the 18th, 19th and 20th Dynasties. Ancient Egyptians called this place "Set Neferu" meaning Seat Of Beauty, and today only a few of the eighty tombs are open to the public (we will visit three). The Valley of the Queens holds far more than graves of queens. Please note that an OPTIONAL visit of the tomb of Queen Nefertari is available for an extra charge (your Tour Leader will advise of the current fee).

□ As well as our visit to the Valley of the Queens we will also have a guided tour of the workers' village and the Madinat Habu temple. Madinat Habu, also known as the temple of Rameses III was known in ancient times as Djanet, and according to ancient belief, was the place where Amon first appeared. Both Hatshepsut and Tuthmosis III built a temple dedicated to Amon here, and later Rameses III constructed his larger memorial temple on the site.

□ * Due to periodic and unannounced closures of the tombs at the Valley of the Queens, your Tour Leader may substitute the Tombs of the Nobles, which are equally interesting.

□ Overnight in Luxor.

Included Meal(s): Breakfast and Dinner

Day 11 Luxor: Dendera Temple & Time at Leisure

This morning we enjoy an excursion to the fascinating temple of Dendera located north of Luxor on the banks of the Nile.

Dendera Temple is one of the best-preserved temple complexes in Egypt. Located in the city of Qena (60 km north of Luxor) Dendera was constructed for the worship of Goddess Hathor, goddess of love, beauty, and motherhood in the ancient Egyptian religion. The temple was founded by pharaoh Pepi I (2250 BC) and continued during the New Kingdom (1550-1080 BC). What was left dates back to the Greco-Roman time in Egypt. The recent cleaning of the ceiling of the Dendera Temple has revealed has exposed some of the most vibrant and colourful paintings dating from antiquity. The temple has two decorated crypts, two halls with ceilings supported by columns and two funeral chapels, from where the famous "zodiac" from the Louvre comes.

We return to Luxor for some well-deserved free time for independent exploration, shopping, napping etc after some full days of touring. The Luxor Museum is also worthwhile, as it displays a very good contextual story of Luxor and the nearby valley of the Kings and Queens. The wooden sarcophaguses are the highlight -- so vivid that it's hard to believe they are thousands of years old.

Overnight in Luxor.

Day 12 Luxor - Cairo, Egypt - Overnight Flight to Kenya

This morning we fly to Cairo and proceed to the famous Museum of Egyptian Antiquities, where we see some of Egypt's most beloved treasures. Among the 100,000 pieces housed on the museum's two floors is the famous exhibit of Tutankhamun whose tomb was discovered by Howard Carter in 1922. The tomb and treasures of this young Pharaoh, modest by Pharaonic Egyptian standards, is perhaps the best preserved of the discovered tombs. We also see archaeological relics from the Old Kingdom, Middle Kingdom, New Kingdom and Greco-Roman periods. Our tour today is fully guided by our English-speaking guide. We also allow some time for you to explore the treasures on your own (Mummies Room: extra cost).

We then proceed to Islamic Cairo where we will tour the Citadel, begun by Saladin in the 12th century. Today the Citadel's buildings are mainly from the Ottoman period, and are truly grand. From the Citadel, actually a complex of three mosques and four museums, we enjoy an amazing view of Cairo spread beneath the hilltop. Here we will see the fabulous Mosque of Mohammed Ali, also known as the "Alabaster Mosque."

Later this evening, we bid adieu to our Egypt group and Tour Leader and fly overnight to Nairobi.* On arrival we will join other participants starting their tour in Nairobi.

* NOTE: We do not include the cost of this flight in the tour price because we are often able to get a better price if we include this in travellers' over ticket to/from the tour. Customers who prefer to book their own air can request a quote for this sector to ensure that they

will be flying with other tour participants.

Day 13 Arrival in Nairobi, Kenya

Today we arrive in Nairobi, the capital of Kenya.

Part of Maasai land when the British arrived, this modern capital grew with the development of the railway. Derived from a Maasai word meaning "Cold Water," Nairobi is a pleasant mix of colonial British with modern and traditional African influences.

Overnight in Nairobi.

Included Meal(s): Breakfast and Dinner

Day 14 Nairobi - Ol Pejeta Conservancy

Today we travel from Nairobi, through the "White Highlands," so called because of the large number of Europeans who settled here, northwards to the lower slopes of Mt Kenya, rising to 5199 m (16,728 feet), Africa's second highest peak. Our drive will take us into the Central Highlands, the heartland of the Kikuyu people. This is a very fertile region, well-watered, intensively cultivated, and thickly forested. The land was coveted by the Europeans who began arriving in ever-increasing numbers once the railway through the area was completed. The settlers established coffee and tea plantations on the eastern slopes of Mt Kenya and cultivated wheat on the western slopes.

Our destination is Sweetwaters, a luxury tented camp clustered around a water hole and set in the pristine calm of the private Ol Pejeta Conservancy, a non-profit organization supporting endangered species, tourism and community outreach. Ol Pejeta is East Africa's largest Black Rhino sanctuary, the only place in Kenya to see chimpanzees, and holds some of the highest predator densities in Kenya.

This afternoon we'll enjoy our first game drive within the conservancy.

Overnight at Sweetwaters Camp.

Included Meal(s): Breakfast, Lunch and Dinner

Day 15 Ol Pejeta Conservancy

Ol Pejeta is a mosaic of grass plains, wooded grassland, acacia woodland and evergreen thicket extending for over 350 square kilometers. The conservancy boasts an astounding variety of animals, including the "Big Five."

We will have morning and afternoon game drives today, as well as a chance to visit the Sweetwaters Chimpanzee Sanctuary -- the only place in Kenya where this highly endangered and remarkably intelligent species can be seen. The facility was initially established to receive and provide lifelong refuge to orphaned and abused chimpanzees from West and Central Africa. Here the chimpanzees are carefully nursed back to health so they can enjoy the rest of their days in the safety of a vast natural enclosure.

Overnight at Sweetwaters Camp.

Included Meal(s): Breakfast, Lunch and Dinner

Day 16 Ol Pejeta - Great Rift Valley - Lake Nakuru National Park

This morning we travel to Lake Nakuru, a shallow soda lake in the Rift Valley. The Rift Valley was created millions of years ago under the strain of enormous volcanic eruptions which resulted in a giant split in the earth's surface from Syria to Mozambique. Lava flowed into the valley, forming escarpments on either side of the gigantic trough which can be up to 80 km (50 miles) wide, big enough to be visible from space. At the lake, depending on the water levels, we may have the opportunity to see flamingos,* in addition to the over 340 species of birds that have been recorded in the Rift Valley!

Lake Nakuru is very shallow and can fluctuate up to five metres (12 feet) each day. When the water is low, you can see a white band of crystallized soda along the shoreline. This is also one of the best places in Kenya to view the rare White Rhino as we explore the park on our afternoon game drive.

* This, and other Rift Valley lakes, have been known in the past for huge numbers of flamingos; however, this can be very "hit and miss" owing to seasonal variations in rainfall and water level, and the increasing frequency of drought. The best we can do is hope for the best!

Overnight in Lake Nakuru National Park.

Included Meal(s): Breakfast, Lunch and Dinner

Day 17 Lake Nakuru - Maasai Mara National Reserve

Early this morning we depart from Lake Nakuru National Park and continue our journey through the Rift Valley, passing by Lake Naivasha and nearby Mount Longonot, a relatively young volcanic reminder of the Rift's violent past. We arrive at our lodge (via bad road) in the Maasai Mara National Reserve in time for lunch.

The Maasai Mara is a natural extension of the Serengeti eco-system and has an amazing concentration of wildlife. The largest population of lions in Kenya is found here, along with large herds of plains game. The Maasai Mara may also be the best place in Kenya to view cheetah. Later this afternoon we enjoy another game drive.

Time-permitting, we may be able to visit a Maasai village to witness the local way of life and meet its residents. If time does not permit, we will attempt this visit the village on our way back to Nairobi.

Overnight in the Maasai Mara.

Included Meal(s): Breakfast, Lunch and Dinner

Day 18 Maasai Mara National Reserve

The Maasai Mara National Reserve consists of rolling grassland and is located at the northern end of the Serengeti Plain. Considered the best of Kenya's parks, it is on the pathway of the yearly wildebeest migration, which comes north from Tanzania about the end of June and returns to Tanzania around the end of September. "The Mara" sustains all of the "Big Five" -- lion, elephant, leopard, rhinoceros and buffalo -- as well as an astonishing wealth of herding animals and other wildlife. You can see the stately Maasai men and youth along the road tending their cattle and goats.

We have a full day in the reserve, with morning and afternoon game drives.

In the Mara you will also have an optional opportunity to ascend over the northern Serengeti at daybreak in a hot air balloon (optional expense). From over 300 m (984 feet) above, you will be able to view the vast land and the myriad animals that inhabit the Maasai Mara. Today or tomorrow are the best days to participate in this activity - details sent upon booking.

Overnight in the Maasai Mara National Reserve.

Included Meal(s): Breakfast, Lunch and Dinner

Day 19 Maasai Mara National Reserve

We enjoy another full day with game viewing in Maasai Mara. Depending on the season and current game locations and viewing conditions, we may divide our day into morning and afternoon drives, or take our lunches with us in order to venture further into the reserve if conditions warrant.

Overnight in the Maasai Mara National Reserve.

Included Meal(s): Breakfast, Lunch and Dinner

Day 20 Maasai Mara - Nairobi

After breakfast we depart for Nairobi. En route, just outside the capital, we visit the Karen Blixen Museum. Baroness Karen Blixen-Finecke emigrated from Denmark to Kenya in 1918 and, in 1937, wrote under the pseudonym, Isaac Dineson, "Out of Africa." The novel tells the tale of the Baroness's experiences on a Kenyan farm. Her home is now a museum, restored to the style in which she maintained it.
