

KENYA

The 'Out of Africa' Experience

9 days

Day 1 Arrive in Nairobi

Today we arrive in Nairobi, the capital of Kenya.

Part of Maasai land when the British arrived, this modern capital grew with the development of the railway. Derived from a Maasai word meaning "Cold Water," Nairobi is a pleasant mix of colonial British with modern and traditional African influences.

Overnight in Nairobi.

Included Meal(s): Dinner, if required.

Day 2 Nairobi - Ol Pejeta Conservancy

Today we travel from Nairobi, through the "White Highlands," so called because of the large number of Europeans who settled here, northwards to the lower slopes of Mt Kenya, rising to 5199 m (16,728 feet), Africa's second highest peak. Our drive will take us into the Central Highlands, the heartland of the Kikuyu people. This is a very fertile region, well-watered, intensively cultivated, and thickly forested. The land was coveted by the Europeans who began arriving in ever-increasing numbers once the railway through the area was completed. The settlers established coffee and tea plantations on the eastern slopes of Mt Kenya and cultivated wheat on the western slopes.

Our destination is Sweetwaters, a luxury tented camp clustered around a water hole and set in the pristine calm of the private Ol Pejeta Conservancy, a non-profit organization supporting endangered species, tourism and community outreach. Ol Pejeta is East Africa's largest Black Rhino sanctuary, the only place in Kenya to see chimpanzees, and holds some of the highest predator densities in Kenya.

This afternoon we'll enjoy our first game drive within the conservancy.

Day 3 Ol Pejeta Conservancy

Ol Pejeta is a mosaic of grass plains, wooded grassland, acacia woodland and evergreen thicket extending for over 350 square kilometers. The conservancy boasts an astounding variety of animals, including the "Big Five."

We will have morning and afternoon game drives today, as well as a chance to visit the Sweetwaters Chimpanzee Sanctuary -- the only place in Kenya where this highly endangered and remarkably intelligent species can be seen. The facility was initially established to receive and provide lifelong refuge to orphaned and abused chimpanzees from West and Central Africa. Here the chimpanzees are carefully nursed back to health so they can enjoy the rest of their days in the safety of a vast natural enclosure.

Day 4 Ol Pejeta - Great Rift Valley - Lake Nakuru National Park

This morning we travel to Lake Nakuru, a shallow soda lake in the Rift Valley. The Rift Valley was created millions of years ago under the strain of enormous volcanic eruptions which resulted in a giant split in the earth's surface from Syria to Mozambique. Lava flowed into the valley, forming escarpments on either side of the gigantic trough which can be up to 80 km (50 miles) wide, big enough to be visible from

space. At the lake, depending on the water levels, we may have the opportunity to see flamingos,* in addition to the over 340 species of birds that have been recorded in the Rift Valley!

Lake Nakuru is very shallow and can fluctuate up to five metres (12 feet) each day. When the water is low, you can see a white band of crystallized soda along the shoreline. This is also one of the best places in Kenya to view the rare White Rhino as we explore the park on our afternoon game drive.

* This, and other Rift Valley lakes, have been known in the past for huge numbers of flamingos; however, this can be very "hit and miss" owing to seasonal variations in rainfall and water level, and the increasing frequency of drought. The best we can do is hope for the best!

Day 5 Lake Nakuru - Maasai Mara National Reserve

Early this morning we depart from Lake Nakuru National Park and continue our journey through the Rift Valley, passing by Lake Naivasha and nearby Mount Longonot, a relatively young volcanic reminder of the Rift's violent past. We arrive at our lodge (via bad road) in the Maasai Mara National Reserve in time for lunch.

The Maasai Mara is a natural extension of the Serengeti eco-system and has an amazing concentration of wildlife. The largest population of lions in Kenya is found here, along with large herds of plains game. The Maasai Mara may also be the best place in Kenya to view cheetah. Later this afternoon we enjoy another game drive.

Time-permitting, we may be able to visit a Maasai village to witness the local way of life and meet its residents. If time does not permit, we will attempt this visit the village on our way back to Nairobi.

Day 6 Maasai Mara National Reserve

The Maasai Mara National Reserve consists of rolling grassland and is located at the northern end of the Serengeti Plain. Considered the best of Kenya's parks, it is on the pathway of the yearly wildebeest migration, which comes north from Tanzania about the end of June and returns to Tanzania around the end of September. "The Mara" sustains all of the "Big Five" -- lion, elephant, leopard, rhinoceros and buffalo -- as well as an astonishing wealth of herding animals and other wildlife. You can see the stately Maasai men and youth along the road tending their cattle and goats.

We have a full day in the reserve, with morning and afternoon game drives.

In the Mara you will also have an optional opportunity to ascend over the northern Serengeti at daybreak in a hot air balloon (optional expense). From over 300 m (984 feet) above, you will be able to view the vast land and the myriad animals that inhabit the Maasai Mara. Today or tomorrow are the best days to participate in this activity - details sent upon booking.

Day 7 Maasai Mara National Reserve

We enjoy another full day with game viewing in Maasai Mara. Depending on the season and current game locations and viewing conditions, we may divide our day into morning and afternoon drives, or take our lunches with us in order to venture further into the reserve if conditions warrant.

Day 8 Maasai Mara - Nairobi

After breakfast we depart for Nairobi. En route, just outside the capital, we visit the Karen Blixen Museum. Baroness Karen Blixen-Finecke emigrated from Denmark to Kenya in 1918 and, in 1937, wrote under the pseudonym, Isaac Dineson, "Out of Africa." The novel tells the tale of the Baroness's experiences on a Kenyan farm. Her home is now a museum, restored to the style in which she maintained it.
