### **Day 1 Arrive in Montreal, QC**

Welcome to Montréal!

Montréal shines through every season, and summer extends well into autumn in this energetic city. Every night of the season brings a new band, award-winning film or dance troupe to the city, and many outdoor venues invite visitors to see free performances and sample food-truck specialties until mid-October. Outdoor entertainment, and a flurry of music, film, theatre, dance and art events, adds a diversity of cultural experiences to an already transformative season.

### **Day 2 Montreal: City Tour - Mont-Tremblant**

This morning we will enjoy a sightseeing tour of the city and get an overview of the rich and diverse history of Montréal. This is a metropolis filled with architectural icons, from the cross planted at the top of Mount Royal some seven months after the city was founded in 1642 by French explorer, de Maisonneuve, to the 21st century skyscrapers in the city center.

One of the highlights of our visit will be to the majestic Notre-Dame Basilica of Montréal. With its two soaring towers, Notre Dame is a splendid and dramatic example of the Gothic Revival style, with a grand and colourful interior filled with hundreds of intricate wooden carvings and religious statues.

This afternoon, we will drive to the scenic Laurentian Mountains in southern Quebec, bordering the scenic St. Lawrence Seaway. As one of the oldest national parks in North America located in this region, the Parc National du Mont-Tremblant has countless hills surrounded by 400 lakes, six great rivers with unique sandy shores. The sheer size of this protected natural landscape makes it an ideal wilderness playground for nature lovers. On reaching the alpine resort of Mont-Tremblant we will take a short tour through this beautiful resort before checking into our hotel. You will have some free time this evening to explore the pedestrian designated village centre on your own.

Today as we depart Québec City and follow the mighty St. Lawrence River to the picturesque Charlevoix – a cultural and natural region was named after Pierre François-Xavier de Charlevoix, a French Jesuit explorer and historian who travelled through the area in the 18th century.

The region between Baie-Saint-Paul and La Malbaie is home to some of Charlevoix's most iconic villages. While some overlook the Seaway, others are perched along the Saint-Lawrence River itself. The picturesque charm of the period homes and the 'post-card' scenery' is stunning.

With more than two centuries of history, La Malbaie is where the first white sailed ships with rich Americans on board arrived looking for beauty and a change of scenery that the region has become famous for. La Malbaie is a natural amphitheatre where the St. Lawrence provides spectacular views

It is also here that the emblematic manor, the majestic Manoir Richelieu Hotel, perched high over the St. Lawrence River, is located. This will be our destination for the afternoon.
