Day 1 Arrival in Vilnius

Arrival in Vilnius, capital of Lithuania.

In 1994 the Old Town of Vilnius was included on UNESCO's World Heritage list. With its diverse architecture and colourful history, Vilnius is a cosmopolitan place, though with just over 500,000 inhabitants, it has an almost village-like atmosphere, making it an easy place to get to know.

Overnight in Vilnius.

Included Meal(s): Dinner, if required.

Day 2 Vilnius: City Touring

This morning we have a guided walking tour of Vilnius.

Sweden, Poland, France and Russia have all ruled Vilnius in the past, and today we will witness the influences that this has had on this beautiful city. The Old Town is one of the largest in Europe, with nearly 1,500 historic buildings of note built over several centuries creating a splendid blend of many different architectural styles.

Our guided walking tour will take us to Cathedral Square in the heart of the city. Inside the cathedral we see the famous chapel of Saint Kazimieras, considered an architectural gem. Rising in the distance behind Cathedral Square is the Gedimino Tower, once part of the 14th century defense system. The Gates of Dawn, on the eastern side of the Old Town, were one of the original nine gates into the city. From this remaining gate we will walk down through the streets of the old town. Nearby is the Jewish Quarter, with its cobblestone lanes and hidden courtyards.

The afternoon is yours for independent exploration. If you'd like a break from Vilnius's historic monuments, you can take a walk through some of the charming gardens around the city. Maybe visit a self-proclaimed 'republic' of Uzupis, Vilnius's Bohemian and artistic district.

Highly-recommended is a self-guided visit to the KGB Museum (aka the Museum of Genocide Victims). For Lithuanians, the KGB Museum symbolizes the 50-year-long Soviet occupation. The museum building is as intact as it was in 1991, when the KGB left the premises.

Day 3 Vilnius - Trakai - Kaunas - Klaipeda

This morning we leave the capital and travel to Klaipeda with a stop at Trakai, a former capital of Lithuania. The town, situated on the shores of several lakes, has two prominent castles built to fend off German knights in the 14th century.* Trakai is famous for its population of Kara-Kalpak people, brought to Trakai from the Crimean Peninsula by the Grand Duke Vytautas in the late 14th century. The Kara-Kalpak still hold their Jewish religious services in the yellow Kinessa, built in 1812. Our guided tour here includes a visit to the Trakai Historical Museum, housed within the main rooms of Trakai's island castle.

From Trakai, we continue our journey to Kaunas, Lithuania's second-largest city. Known for its rich history and vibrant cultural scene, Kaunas is an ideal spot for a lunch break and a brief exploration. Before continuing, we'll take a stroll to appreciate the city's charming old town with its historic buildings and bustling streets.

After our visit to Kaunas, we resume our journey to Klaipeda, a vibrant port city on the Baltic Sea offering a delightful blend of history, culture, and seaside relaxation. The city's maritime heritage is evident from the moment we step off the coach, with the harbour bustling with activity and the distant cry of seagulls filling the air.

As we wander, we notice the half-timbered houses and decorative facades that reflect the city's Germanic past and transformation over the centuries, from its roots as a medieval fortress to its role as a key trading port.

* PLEASE NOTE that Trakai Castle will be under renovation until 2027, during which time specific parts of the complex will have limited access and certain parts will be closed on a rotational basis. Parts of the exterior will also be under scaffolding. Though it is unpredictable, should a visit become impractical, we may substitute the visit with something else of interest in the city or the surrounds.
