

CZECHIA, SLOVAKIA, HUNGARY & ROMANIA

28 days

Created on: 25 May, 2026

Day 1 Arrive in Prague

Today we arrive in Prague and transfer to our hotel.

Today we arrive in Prague, a city that rises like a medieval dream from seven hills flanking the banks of the Vltava River. Sometimes called Prague the Golden, sometimes Prague the City of 100 Spires, this enchanting capital has earned comparisons to Florence and Rome for its breathtaking beauty. Thomas Mann declared it one of the world's most magical cities; Goethe called it the prettiest gem in the stone crown of the world.

Virtually untouched by war, Prague's architecture spans nearly every European style – Romanesque, Gothic, Renaissance, Baroque, Rococo, Neoclassical, Empire and Art Nouveau – creating a living museum where centuries of history unfold along cobblestoned streets. This evening, we gather with our fellow travellers for our first dinner together, beginning our extraordinary journey through Eastern Europe's most captivating capitals and countryside.

Overnight in Prague.

Included Meal(s): Dinner, if required.

Day 2 Prague: Old Jewish Quarter & Wenceslas Square

The cobblestones echo with centuries of stories as we embark on our walking tour through Prague's Old Jewish Quarter and the magnificent Old Town Square, where the famous astronomical clock has been marking time for over 600 years.

We begin at the Old Jewish Cemetery, an incredible sight that leaves visitors speechless. Established in the 15th century as the second oldest Jewish cemetery in Europe, this sacred ground witnessed burials from 1439 to 1787. Today, 12,000 tombstones crowd together, leaning one against another at different angles and sizes, creating a graphic and surreal image that speaks to generations of Prague's Jewish community. We visit the Klaus Synagogue with its permanent exhibition called "Jewish Customs and Traditions," which illuminates the significance of synagogue life and Jewish festivals throughout the centuries.

We then proceed to the Old Town Square, where the astronomical clock tells one of Prague's most haunting legends. Master clockmaker Hanus of Ruze designed this 15th-century marvel, but according to legend, Prague's town councillors blinded him for fear he would create another like it for a rival city. One day near the end of his life, he asked a friend to lead him to his great creation. As the figure of Death tolled the hour, Hanus thrust his hand into the clock's apparatus; it stopped, and centuries passed before a craftsman could be found skilled enough to make it work again.

We finish our walking tour at Wenceslas Square in time for lunch (your own account), with the afternoon free to explore this cultural treasure. Prague's concert halls beckon – The Municipal House, Rudolfinium, Mozart Theatre, National Theatre, and State Theatre all host performances almost every night.

Overnight in Prague.

Included Meal(s): Breakfast and Dinner

Day 3 Prague: Prague Castle & Old Town

Morning light illuminates the ancient stones as we travel through Prague's city centre to the magnificent Prague Castle complex. We begin our walking tour near Pohorelec Square, passing the imposing Cernin Palace as we make our way toward the castle grounds.

Our path leads us past architectural treasures that span centuries: the Strahov Monastery with its famous library, the baroque Loreta with its carillon of 27 bells, the Capuchin Monastery, and the Archbishop's Palace. Before entering the castle, we pause by the ancient walls for a city panorama that reveals Prague spread below us like a living map of European history.

Canada/USA
1-800-665-3998

Email
sales@adventures-abroad.com

We then embark on our two-hour exploration of the castle complex, entering the first courtyard with its famous fountain before proceeding to the Chapel of the Holy Cross. The magnificent St. Vitus Cathedral awaits, where we visit the choir and crypt before continuing to the third courtyard. Here we enter the Old Palace from St. George Square, then proceed toward the enchanting Golden Lane, where Franz Kafka once lived and worked.

We descend via the Old Castle Steps, with photo opportunities revealing spectacular views, before stopping at St. Nicholas Church. Then comes the highlight – crossing the ancient Charles Bridge (Karlův Most), an artistic masterpiece built by King Charles IV in 1357. For over four hundred years, this bridge was the only link between Prague's two halves, and we admire the many baroque sculptures as we walk across this living gallery of art.

Overnight in Prague.

Included Meal(s): Breakfast and Dinner

Day 4 Prague - Konopiste - Karlstejn - Karlovy Vary

The Bohemian countryside unfolds before us as we depart Prague for the Renaissance chateau of Konopiste, set dramatically in a hilly wooded park. This castle, built as a stronghold at the end of the 13th century, gained its present appearance from alterations made by its last owner, Archduke Franz Ferdinand d'Este, whose assassination in Sarajevo would trigger World War I.

After exploring Konopiste's priceless interiors and learning about this tragic figure of European history, we continue to Karlstejn Castle, a Gothic fortress that once housed the imperial crown jewels. This magnificent stronghold, perched on a rocky outcrop, served as the secure treasury for the Holy Roman Empire's most precious regalia.

We then proceed eastward to the famous spa town of Karlovy Vary (once known as Karlsbad), beautifully nestled in the valley of the Tepla River. This elegant resort has been one of Europe's oldest and largest health spas for centuries, its hot medicinal spring water drawing visitors from across the continent. The thermal springs, reaching temperatures of up to 73°C (164°F), have been renowned for their healing properties since the 14th century.

Overnight in Karlovy Vary.

Included Meal(s): Breakfast and Dinner

Day 5 Karlovy Vary

Elegant colonnades and graceful facades create a fairytale atmosphere as we explore Karlovy Vary on our half-day walking tour. This sophisticated spa town has long been the favourite retreat of crowned heads and international celebrities, earning its reputation as the "Salon of Europe."

As the old saying goes, "When the disorder becomes a disease, doctors prescribe the hot waters of Carlsbad." Our walking tour reveals the secrets of this healing paradise, taking us to the many springs and the graceful Mill Colonnade, where visitors have been "taking the cure" for centuries. The tradition involves sipping the mineral-rich waters from special porcelain cups while strolling the elegant promenades. A ride on the nearby funicular provides spectacular views of the surrounding landscape of beech and oak forests, where hiking trails wind through the Slavkov Forest.

The afternoon offers leisure time in this charming town, perhaps to sample the famous Karlovy Vary wafers or browse the shops selling the distinctive Bohemian crystal and local Becherovka herbal liqueur.

Overnight in Karlovy Vary.

Included Meal(s): Breakfast and Dinner

Day 6 Karlovy Vary - Mariánské Lázně - Český Krumlov

Canada/USA
1-800-665-3998

Email
sales@adventures-abroad.com

We begin our day in Mariánské Lázně, where the historic centre stretches along the spa colonnade with its unique singing fountain and main avenue lined with pastel-coloured Art Deco facades. Most of the elegant state spa buildings date from the second half of the 19th century and nestle amidst thickly forested hills, creating an atmosphere of refined tranquillity.

From here, we venture into Southern Bohemia, where many towns retain their Bavarian or Austrian flavour from centuries of shared history. In the late afternoon, we arrive in the extraordinary town of Český Krumlov, one of Europe's most perfectly preserved medieval settlements.

Medieval arcades and etched Renaissance facades in apricot, beige, and pea-green shades surround the cobblestoned square, where rust-red, pink, and golden Baroque buildings create a painter's palette of colours. A Plague Monument (Morový sloup) stands in the centre, while the winding River Vltava separates the Old Town from the towering castle complex. This UNESCO World Heritage site represents one of the most exquisite examples of medieval European town planning, virtually unchanged since the Renaissance.

Overnight in Český Krumlov.

Included Meal(s): Breakfast and Dinner

Day 7 Český Krumlov: Castle Tour

The mighty Renaissance castle of Český Krumlov dominates our morning, its towers and ramparts telling the story of the powerful Lords of the Rozmberks and later the Schwarzenbergs. This vast complex, one of the largest in Central Europe, houses a rich collection of period furniture, tapestries and historical weapons, earning its place on the UNESCO World Heritage list in 1992.

We explore the castle's remarkable painted tower, baroque theatre, and magnificent halls where nobility once held court. The complex tells the story of Czech aristocracy through five centuries, from Gothic foundations to Renaissance renovations to baroque additions. From the castle gardens, panoramic views reveal the red-tiled roofs of the old town spread along the horseshoe bend of the Vltava River.

The afternoon belongs to independent exploration of the historical city centre below the castle. We wander through winding alleys lined with venerable Gothic and Renaissance houses, discover small shops and atmospheric cafes, and follow pathways along the river where artists set up their easels to capture the town's timeless beauty.

Overnight in Český Krumlov.

Included Meal(s): Breakfast and Dinner

Day 8 Český Krumlov - Telč, Czechia - Bratislava, Slovakia

The spectacular countryside of Southern Bohemia unfolds as we travel through a landscape of shimmering carp ponds to the medieval town of Třebon. The houses lining the narrow main square embody romantic architecture at its finest, while three gateways of the town wall have survived from the 16th century, when Třebon was an important centre of fish farming.

We then continue to the historic town of Telč, a Renaissance jewel dating from the 16th century. The historic houses surrounding the central square connect through continuous arcades, creating one of Europe's most harmonious urban spaces. UNESCO added Telč's historic centre to the World Heritage List in 1992, recognising its exceptional preservation of Renaissance town planning.

Our journey continues through the rolling hills of Southern Moravia, a region famous for its orchards and vineyards where picturesque villages, towns and chateaux punctuate the landscape. After crossing the border into Slovakia, we travel through the Small Carpathians, a thin strip of limestone hills altogether different from the soft, pine-clad hills of the Czech lands.

In the late afternoon, we arrive in Bratislava, Slovakia's capital, situated dramatically on both banks of the Danube at a promontory of the Little Carpathians. During the second half of the 20th century, an ambitious rebuilding and restoration program transformed this ancient city into a modern European capital while preserving its historical heart.

Overnight in Bratislava

Included Meal(s): Breakfast and Dinner

Day 9 Bratislava - Trencin: Castle Tour

Three different countries meet in Bratislava, where languages, traditions, and cultures create a unique microcosm of central Europe. This youthful, dynamic capital pulses with energy while remaining proud of its rich past, where tradition, nostalgia and music weave through cobblestoned streets.

Our morning city tour reveals Bratislava's main treasures: the historic Old Town with its medieval gates and towers, the Gothic Cathedral of St Martin where Hungarian kings were once crowned, and the 14th-century Tower of St Michael standing guard in the ancient city walls.

After lunch, we travel to Trencin in western Slovakia, one of the oldest Slovak cities, chronicled as early as the 11th century. Its strategic location near three Carpathian Mountain passes on the crossroads of ancient commercial routes determined the character of this significant landmark. The famous Amber Road, used by Etruscan, Greek, and later Roman merchants to transport precious amber from the Baltic region, passed directly through Trencin.

The city is dominated by Trencin Castle, Slovakia's third-largest castle complex. With extensive fortifications and several palace buildings surrounding the central medieval tower, it remains the highest point of the city. Below the castle, winding side streets and historic covered stairs lead to a charming small square, while the old town spreads around a large main square anchored by a baroque church.

Overnight in Trencin

Included Meal(s): Breakfast and Dinner

Day 10 Trencin - Bojnice - Ruzomberok - Horny Smokovec

Our journey leads us through Slovakia's heartland via Bojnice, a charming town at the upper Nitra River that ranks among Slovakia's oldest spa destinations. Here stands the famous Bojnice Castle, a romantic fairy-tale structure that has served as the backdrop for countless films. We explore both the castle's opulent interiors and the picturesque town nestled just below its walls.

We continue through Ruzomberok, situated in the scenic Vah River Valley. Founded by German colonists in 1223, this town became renowned for its guilds, industrial production, and skilled craftsmen who travelled throughout Europe plying their trades.

Our destination is Horny Smokovec, gateway to the High Tatras National Park, founded in 1948 and forming the northernmost section of the Carpathian Mountains. This geographic region shelters numerous glacial lakes and displays a distinctly alpine character, with jagged peaks rising dramatically above pristine forests. The crisp mountain air and stunning vistas create an atmosphere worlds away from the valley towns below.

Overnight in Horny Smokovec

Included Meal(s): Breakfast and Dinner

Day 11 Pieniny National Park

We venture into Pieniny National Park, the crown jewel among central Europe's most impressive areas of natural beauty. Our exploration begins at the medieval Cerveny Klastor, once a Carthusian monastery whose red-brick walls have witnessed centuries of spiritual contemplation alongside the rushing Dunajec River, which forms a natural border between Slovakia and Poland.

The open-air museum of folk architecture in Stara Lubovna offers a fascinating glimpse into traditional mountain life. Here we walk among a precious collection of wooden houses dating from the late 19th to early 20th century, each structure relocated and carefully preserved to show how mountain families lived and worked in harmony with their challenging environment.

After lunch, we continue to Kezmarok, where we visit the remarkable German-built wooden Lutheran Church, a unique masterpiece of carpentry and artistry. This extraordinary structure, built entirely without metal nails, demonstrates the incredible skill of 17th-century craftsmen who created one of Europe's most unusual religious buildings. The church's interior, carved entirely from wood, creates an atmosphere of warm spirituality unlike any traditional stone church.

Overnight in Horny Smokovec

Included Meal(s): Breakfast and Dinner

Day 12 Horny Smokovec - Bratislava

A scenic mountain route leads us back to Bratislava, winding through the spectacular ranges of the High Tatras to the Low Tatras. Mountain peaks and hiking trails frame our journey, while still-green forests, bubbling streams, and traditional haystacks shaped like miniature peak-roofed houses dot the landscape. The contrast between Slovakia's alpine heartland and its Danube valley capital creates a perfect showcase of this young nation's geographic diversity.

We arrive in Bratislava by mid-afternoon, with time to rest and reflect on our mountain adventures before dinner. The journey from Slovakia's highest peaks to its historic capital reveals the remarkable variety contained within this compact Central European nation.

Overnight in Bratislava

Included Meal(s): Breakfast and Dinner

Day 13 Bratislava, Slovak Republic - Budapest, Hungary

The mighty Danube guides our morning journey from Bratislava to Budapest, Hungary's magnificent capital. Hungary reveals itself as a land of beautiful monuments and romantic music, where history resonates through every cobblestone and melody.

Buda and Pest, two of the city's three historic regions, face each other across the Danube, which forms the physical and spiritual centre of the Hungarian capital. This great river serves as the city's centrepiece, its heart, and its pulse, creating an even more intimate relationship than the Seine enjoys with Paris or the Arno with Florence.

Upon arrival, we embark on a walking tour of the city's urban heart, an area filled with stately old buildings, grand avenues, and countless narrow streets that tell Budapest's thousand-year story. We take local transport to the massive neo-Gothic Parliament (Orszaghaz), the most visible building on Budapest's left bank. Built by 1,000 workers between 1885 and 1902, this magnificent structure has become the symbol of the capital with its slender towers, spacious arcades, high windows and vast central dome.

Our route continues past the Museum of Ethnography to the stately Liberty Square (Szabadsag ter), then to Roosevelt Square and the famous Chain Bridge, the oldest and most beautiful of seven road bridges spanning the Danube in Budapest. Before its construction, the river could only be crossed by ferry or by a pontoon bridge that had to be removed when ice blocks floated downstream in winter.

Overnight in Budapest

Included Meal(s): Breakfast and Dinner

Day 14 Budapest: City Tour

Heroes' Square provides our dramatic starting point, where we learn about Hungary's complex thousand-year history at the imposing Vajdahunyad Castle. This eclectic structure showcases different periods of Hungarian architecture, from Romanesque to Gothic to Renaissance styles.

We then cross Margaret Bridge to Buda's hilly side, where the Citadel offers panoramic views of the entire city spread along both banks of the Danube. The vista reveals Budapest's unique geographic setting, where rolling hills meet the great plain, and architectural treasures from every era create one of Europe's most beautiful urban landscapes.

Castle Hill becomes our main focus, where we spend the remainder of the day exploring St. Matthias Church with its distinctive diamond-patterned roof and the fairytale Fisherman's Bastion with its seven towers representing the seven Magyar tribes that settled in the Carpathian Basin. These neo-Gothic and neo-Romanesque structures, though relatively recent, perfectly capture the romantic spirit of Hungarian history.

Canada/USA
1-800-665-3998

Email
sales@adventures-abroad.com

After lunch, we visit the Royal Palace, home to the National Gallery dedicated exclusively to Hungarian art. Here we trace the development of Hungarian artistic expression from medieval times through the present, gaining insight into how this unique culture preserved its identity through centuries of foreign domination.

Overnight in Budapest

Included Meal(s): Breakfast and Dinner

Day 15 Budapest: At Leisure

Budapest invites personal discovery as you explore this captivating city at your own pace. Perhaps return to the elegant promenade along the Danube, where artists display their work and musicians fill the air with traditional melodies. The city's numerous museums offer deeper insights into Hungarian culture, from folk traditions to fine arts to the complex history of this resilient nation.

The coffeehouse tradition beckons – at the turn of the 20th century, Budapest boasted over 400 coffeehouses, many patronised by struggling writers who made these elegant spaces the cornerstone of the city's literary life. Today's surviving coffeehouses maintain this cultural heritage, offering the perfect setting for cake and conversation while watching Budapest's daily rhythm unfold beyond tall windows.

Alternative explorations might include the Great Market Hall, where local vendors sell everything from paprika to handcrafted items, or a stroll through the Pest side's pedestrian areas, where international brands mix with local boutiques in a vibrant commercial district.

Overnight in Budapest

Included Meal(s): Breakfast and Dinner

Day 16 Budapest - Szentendre - Holloko - Eger

The romantic Danube Bend leads us to Szentendre, a riverside town celebrated for its museums, galleries and artists. Once called Ulcisia Castra (Wolf Castle) by the Romans, today Szentendre charms visitors with its south European atmosphere, baroque architecture, churches of various faiths, narrow side streets, and cobblestone roads. Our walking tour reveals why this picturesque town has attracted artists for generations.

We then visit the UNESCO-protected village of Holloko, where approximately 650 people maintain one of Europe's best-preserved traditional settlements. The 'Old Village' contains 50 houses listed as historic monuments, their white-painted walls and red-tile roofs creating a harmonious ensemble unchanged for centuries. Throughout time, Holloko has preserved its unique ethnographic and folk art values, while atop the nearby hill, the remains of a 13th-century castle remind us of medieval Hungary's turbulent frontier history.

Our journey continues to Eger, nestled in the valley between the Bukk and Matra Hills. This historic city gained fame for three things: Egri Bikaver (Bull's Blood) wine, its magnificent medieval library, and possessing Europe's northernmost minaret – a reminder of 150 years of Turkish occupation. The narrow streets, arcaded buildings, wrought-iron gates, and baroque towers create perfect walking opportunities, while the peaks of Hungary's highest mountains provide a dramatic natural backdrop.

Overnight in Eger

Included Meal(s): Breakfast and Dinner

Day 17 Eger: Town Tour

Eger's story stretches back to the Stone Age, but the town achieved its greatest glory during the 1552 Siege of Eger, when Hungarian forces successfully defended against overwhelming Ottoman odds. During the early Middle Ages, German, Avar and Slavonic tribes inhabited the area before Hungarian settlement in the 10th century brought prosperity that peaked during the 14th-16th centuries, when winegrowing became the economic foundation for which Eger remains famous today.

Our walking tour includes the impressive Eger Castle with its museum and underground casements, where we learn about the legendary

Canada/USA
1-800-665-3998

Email
sales@adventures-abroad.com

defence that inspired generations of Hungarians. The fortress walls and towers tell stories of courage and determination that echo through Hungarian national consciousness.

We also visit the Archbishop's Palace, a baroque masterpiece that reflects the Counter-Reformation's influence in Hungary, and the Franciscan Church, whose elegant interior showcases religious art from several centuries. The Turkish Minaret, a 40-metre cylindrical tower, stands as one of Hungary's most unusual monuments – the northernmost minaret in Europe and one of the few surviving architectural reminders of Ottoman rule in Central Europe.

Overnight in Eger

Included Meal(s): Breakfast and Dinner

Day 18 Eger - Paks - Siklos - Pecs

Southern Transdanubia welcomes us with its landscape of undulating hills, forest-clad ridges and rural ambience as we depart Eger for Hungary's southwestern region. Our route leads us past Budapest and south along the Danube River, through countryside where small villages and agricultural lands create a pastoral symphony of green fields and traditional farmsteads.

After passing Paks, situated on the banks of the Danube River, we continue toward Pecs, a city selected as European Capital of Culture in 2010, sharing the title with Essen and Istanbul. This distinction reflects Pecs' role as a major art centre and university town, where intellectual and cultural life has flourished for over a thousand years.

Our walking tour of the Old Town reveals layers of history: the historic cathedral with its distinctive four towers, the synagogue representing the once-thriving Jewish community, ancient mosques from the Ottoman period, and the fourth-century Christian necropolis – a UNESCO World Heritage Site featuring burial chambers decorated with remarkable early Christian murals that represent some of Europe's finest examples of late Roman and early Christian art.

Overnight in Pecs

Included Meal(s): Breakfast and Dinner

Day 19 Pecs - Villany - Pecs

The historic town of Siklos and its remarkably well-preserved medieval castle anchor our morning exploration near Hungary's southern border. Wine production began here when Romans settled at a place they called Seres, and archaeological finds prove that viticulture has thrived in this region for over two millennia.

After exploring Siklos Castle's towers, walls, and courtyards, we embark on an afternoon journey along the famous Villany-Siklos Wine Road, a 30-kilometre route covering eight villages where vineyards cascade down south-facing slopes in perfect conditions for winemaking. The Romans first recognised this area's potential, and finds uncovered at the base of the hills confirm over 2,000 years of continuous grape cultivation.

Today the Villany-Siklos wine region encompasses approximately 2,000 hectares, where Mediterranean-style red wines thrive in a climate warmer than most of Hungary. Local winemakers specialise in full-bodied reds that have gained international recognition, particularly Cabernet Sauvignon, Merlot, and the indigenous Kadarka variety. We sample these distinctive wines while learning about traditional and modern winemaking techniques from local vintners.

Overnight in Pecs

Included Meal(s): Breakfast and Dinner

Day 20 Pecs - Lake Balaton Region - Budapest

Lake Balaton, affectionately called the "Hungarian Sea," spreads before us as we journey north to Central Europe's largest lake. This massive

freshwater lake, stretching 77 kilometres in length, has served as Hungary's premier holiday destination for generations of families seeking respite from urban life.

Our exploration focuses on the Tihany Peninsula, declared a national park in 1952 and renowned for its historical monuments, beautiful panoramas, and Mediterranean-like climate created by the lake's moderating influence. We cross the lake by ferry from Szantod to Tihany, enjoying views across the water toward distant hills where vineyards and resort towns dot the shoreline.

At Tihany, we visit the Benedictine Abbey Church, built in 1754 on the site of King Andrew I's original 11th-century church. This twin-spired, ochre-coloured baroque masterpiece dominates the peninsula's skyline. Inside, we admire the fantastic altars, pulpits and screens carved between 1753 and 1779 by Austrian lay brother Sebastian Stuhlhof – each a baroque-rococo masterpiece. King Andrew I's remains rest in a limestone sarcophagus in the atmospheric Romanesque crypt.

We also visit Balatonfured, a charming town on the lake's northern shore that played an important role in 18th-century social life. Here the first Balaton steamship began its journeys, and the first yachtsmen's association established its headquarters. For three centuries, patients have been treated with mineral water springs beneficial for diabetes and digestive ailments.

Overnight in Budapest

Included Meal(s): Breakfast and Dinner

Day 21 Budapest, Hungary - Bucharest, Romania

Romanian legend tells us that Bucharest was founded on the banks of the Dambovita River by a shepherd named Bucur, whose name literally means "joy." His enchanting flute playing reportedly dazzled the people, while his hearty wine from nearby vineyards endeared him to local traders, who gave his name to their settlement.

This morning we fly to Romania's largest city and capital, once known for its wide, tree-lined boulevards, glorious Belle Epoque buildings and reputation for high living that earned it the nickname "Little Paris" in the early 1900s. Today Bucharest pulses as a bustling metropolis where medieval streets meet communist-era boulevards and modern European districts.

After settling into our accommodations, we embark on an informal walking orientation of the city centre, where layers of history create a fascinating urban palimpsest. Romanian, Ottoman, Austrian, French, and Soviet influences blend in architecture, cuisine, and cultural traditions, while the vibrant energy of contemporary Romania emerges in cafes, galleries, and public spaces throughout the historic centre.

Overnight in Bucharest

Included Meal(s): Breakfast and Dinner

Day 22 Bucharest - Sinaia: Peles & Bran Castles - Sighisoara

The Carpathian Mountains rise dramatically as we journey toward Sinaia to visit Peles Castle, considered by many connoisseurs one of Europe's most beautiful castles. This masterpiece of German new-Renaissance architecture was built in the final quarter of the 19th century for Romania's "imported ruler" King Carol I. Designed primarily in German Renaissance style, this summer residence received lavish decoration throughout its 160 rooms from Carol's eccentric wife, Carmen Sylva, creating an extraordinary showcase of royal taste and craftsmanship.

We also visit Sinaia itself, known as the "Pearl of the Carpathian Mountains," where we take a leisurely stroll to the 17th-century Sinaia Monastery. This interesting cluster of churches and courtyards takes its name from the ancient Egyptian monastery on Mount Sinai, reflecting the Orthodox Christian traditions that shaped Romanian spiritual life.

After lunch, we proceed to Bran Castle, dramatically perched atop a rocky outcrop. This strategically located fortress, built in 1377 to protect nearby Brasov from invaders, is erroneously claimed by some to be Count Dracula's castle – though its real history proves far more fascinating than any vampire legend. The castle's rooms and towers surround an inner courtyard, with some chambers connected through underground passages. Bran houses a rich collection of Romanian and foreign furniture and art items from the 14th-19th centuries.

We arrive in Sighisoara as evening settles over this perfectly-preserved medieval city.

Overnight in Sighisoara

Included Meal(s): Breakfast and Dinner

Day 23 Sighisoara, Sibiu & Biertan

Sibiu, called Hermannstadt in German, was the most important of the 12th-century Saxon settlements in Transylvania. Industrious emigrants, primarily from the Rhineland, the Moselle Valley, Flanders and Saxony, erected protective walls around their prosperous settlement. Though invaders destroyed the first wall, remains of the 15th-century brick fortifications still stand. Because of the blood shed at its walls during Turkish sieges, the unsuccessful Ottoman attackers called Sibiu the "Red City."

Our sightseeing tour reveals Sibiu as one of the oldest towns on the Transylvanian Plateau, where we wander through the old quarter lined with houses featuring immense roofs built within medieval fortifications. This creates Sibiu's powerful medieval atmosphere, enhanced by the massive Evangelical Church that occupies the site where Tartars destroyed the town's first citadel in the 13th century. The church required 200 years to complete during the 14th and 15th centuries.

We continue to Biertan, a former Saxon village south of Sighisoara, where we discover a fortified church from the 15th century, listed as UNESCO World Heritage as representative of Transylvania's unique phenomenon of rural fortified churches. Surrounded by three lines of defence walls reaching 12 metres high and protective towers, this church was never breached by invaders despite numerous sieges.

We return to Sighisoara for a walking tour of this remarkable city. Known as Schassburg in German or Segesvar in Hungarian, Sighisoara stands as the only inhabited Middle Ages city in Europe. The History Museum occupies the former Town Hall, while the 14th-century Clock Tower reveals marvellous views over the entire medieval settlement.

Overnight in Sighisoara

Included Meal(s): Breakfast and Dinner

Day 24 Sighisoara - Bistrita - Gura Humorului

We venture deep underground to visit one of Europe's biggest salt mines,* where exploitation has provided an important income source for local inhabitants for hundreds of years. We arrive in the heart of the mountains through a long tunnel (1,500 metres), descending 120 metres below the surface to discover an underground city.

The ionised air possesses therapeutic qualities for those suffering from respiratory ailments, and medical teams organise gym programs and breathing exercises for visitors seeking treatment. This subterranean world contains everything needed for extended stays: treatment facilities, coffee shops, billiards tables, libraries, entertainment areas, and even a chapel where people can pray in this unique underground environment.

After lunch, we continue via Bistrita, founded in the early 13th century by German settlers. Due to its strategic location on the main trading route with Moldavia, Bistrita became one of Transylvania's major medieval cities. Some visitors find additional intrigue in the fact that Bram Stoker mentioned this town in his novel Dracula, though the historical reality proves far more interesting than any fictional vampire tale.

We arrive in Gura Humorului, our perfect base for exploring the Painted Monasteries of Bucovina, where Byzantine-influenced art reached extraordinary heights during the 15th and 16th centuries.

* The mines tend to be susceptible to flooding and may not be available at the time of our visit. If a visit is not possible, we'll substitute the Mining Museum

Overnight in Gura Humorului

Included Meal(s): Breakfast and Dinner

Day 25 Bucovina Monasteries

Canada/USA
1-800-665-3998

Email
sales@adventures-abroad.com

The painted monasteries of Bucovina represent triumphs of Byzantine-influenced art, reflecting a remarkable flowering of Moldavian civilisation in the 15th and 16th centuries. These "Painted" Monasteries constitute a major Moldavian destination because of their vivid and animated frescoes covering exterior church walls. UNESCO has declared the Bucovina monasteries as protected cultural sites, with art historians comparing their artistic value to the mural paintings of Venice's San Marco church.

We visit Voronet, a nun monastery consecrated to St. George, within walking distance of Gura Humorului. Voronet probably represents the most accomplished example of artistic achievement in Moldavian architecture and painting, built during a peaceful period when Stephen the Great had centralised the state and given new impetus to its economy and culture. The secrets of Moldavian painters who prepared the colours and techniques that made these paintings incredibly resistant to weather remain mysteries today.

We also explore Humor Monastery, founded in 1530, where exterior frescoes tell biblical stories in vivid detail that common people could understand even if they couldn't read. After visiting the famous Marginea black ceramics centre, where artisans continue traditional pottery techniques passed down through generations, we proceed to Sucevita Monastery, the largest and arguably the finest of the Bukovina monasteries. The church inside the fortified monastic enclosure (1586) displays almost complete fresco coverage inside and out, creating an overwhelming visual experience of medieval religious art.

Overnight in Gura Humorului

Included Meal(s): Breakfast and Dinner

Day 26 Gura Humorului - Cheile Bicazului - Lacu Rosu - Brasov

The spectacular Bicaz Gorges provide our morning's dramatic backdrop as we traverse one of Romania's most breathtaking mountain routes. The road slices through the gorge, twisting and turning steeply uphill for 5 kilometres while cutting through sheer, 300-metre high limestone rocks. At one point, the narrow mountain road runs beneath overhanging rocks in a section known as the "neck of hell," where the gorge becomes so narrow that the cliffs seem to touch overhead.

This remarkable stretch of road enjoys protection as part of the Hasmas-Bicaz Gorges National Park, preserving one of the Carpathians' most spectacular natural formations. A few kilometres west, we cross into Transylvania's Harghita County and immediately encounter the resort area of Lacu Rosu (Red Lake), an alpine destination that developed in the 1970s and continues attracting hikers from both Transylvania and Moldavia.

The lake itself formed in 1837 when an earthquake triggered a massive landslide that dammed the Bicaz River, creating this scenic mountain lake surrounded by dramatic peaks. The area's name derives from the reddish sediment that gives the water its distinctive colour, particularly striking during certain light conditions. We break for lunch in this pristine mountain setting before continuing our journey to Brasov.

Overnight in Brasov

Included Meal(s): Breakfast and Dinner

Day 27 Brasov: Town Tour - Bucharest: City Tour

Brasov, known as Kronstadt in German and Brasso in Hungarian, ranks as Romania's second-largest city after Bucharest. The Old Town nestles between two mountains, surrounded like a protective embrace by the Carpathians. Here we visit the Black Church, Gothic architecture's largest achievement in southeastern Europe.

We then depart for Bucharest, arriving in time for lunch before beginning our comprehensive sightseeing program in Romania's capital. Founded 500 years ago, Bucharest serves as the nation's powerhouse of cultural and economic life. During the 1930s, its tree-lined boulevards and fin de siècle architecture earned it the nickname "The Little Paris of the East," a comparison emphasised by its own Arc de Triomphe on the handsome Soseaua Kiseleff – itself longer than the Champs Élysées and alive with blossoms in spring.

Despite massive reconstructions during the 1980s, Bucharest remains a "Garden City," leafy and pleasant, with numerous sidewalk cafes creating a distinctly European atmosphere. Our tour includes the Cotroceni Palace and Museum, the Triumphal Arch, the Romanian Athenaeum with its magnificent dome, and University Square. We conclude with a visit to the Bucharest Village Museum, situated in a picturesque lakeshore environment as one of Europe's largest and oldest outdoor museums. Its exhibits – including houses, churches, water mills and windmills – possess great historic and artistic value, representing rural Romanian life across the centuries.
