

## RWANDA, KENYA & TANZANIA

**23 days**

Created on: 22 Feb, 2026

### Day 1 Arrive in Kigali

Today we arrive in Kigali, Rwanda's vibrant capital and largest city, strategically situated in the heart of the country. Since gaining independence in 1962, Kigali has evolved into the nation's economic, cultural, and transportation hub. This bustling metropolis seamlessly blends traditional Rwandan culture with modern amenities, offering a unique glimpse into the country's rich history and resilience.

Overnight in Kigali.

Included Meal(s): Dinner, if required.

### Day 2 Kigali - Nyungwe Forest National Park

This morning, we set off from Kigali on a scenic journey southwards, bound for the breathtaking Nyungwe Forest National Park. As we cover the 260 km (160 mi) to our destination, we'll break up the drive with fascinating stopover visits to two of Rwanda's most historic and culturally significant towns: Nyanza and Butare.

In Nyanza, we'll delve into the region's rich history at the Royal Palace Museum, which showcases the traditional seat of the Rwandan monarchy. Next, we'll head to Butare, home to the National Museum of Rwanda, which offers a treasure trove of artifacts, exhibits, and insights into the country's cultural heritage.

We'll take a break for lunch at a popular local restaurant and then continue our journey to the Nyungwe Forest region, arriving in the late afternoon as the sun casts its golden light over the treetops.

Overnight in Lake Kivu (our base for Nyungwe Forest National Park).

Included Meal(s): Breakfast, Lunch and Dinner

### Day 3 Nyungwe: Chimpanzee Trek & Canopy Hike

This morning we'll embark on an unforgettable adventure: trekking through the lush Nyungwe Forest in search of its most charismatic residents – the chimpanzees. Our expert guides will lead us through the forest, sharing insights into the ecology and behaviour of these intelligent primates.

As we trek, we'll need to be prepared for a moderately challenging hike, covering a distance of approximately 4-6 km (2.5-3.7 miles) over uneven terrain. The duration of the trek will depend on the location of the chimps, but we can expect to be walking for around 2-4 hours. The forest's terrain can be steep and slippery in some areas, so sturdy hiking shoes and comfortable clothing are essential.\*

After an exhilarating morning with the chimps, we'll head to a different part of the forest for the Adventure Canopy Hike. This thrilling experience will take us high above the forest floor, offering breathtaking views of the surrounding landscape and the chance to spot a variety of bird species and other wildlife.

Following our two exciting excursions, we'll return to our hotel for some well-deserved rest and relaxation.

\* We have assigned our East African offerings in Rwanda, Kenya & Tanzania our lowest Difficulty Rating Level 1, strictly with respect to physical activity that occurs OUTSIDE of our one-day chimpanzee and/or gorilla trekking hikes, which can specifically be rated a LEVEL 3 (you can review info on all three levels via the "Tour Styles" on this tour's webpage). Aside from these two excursions, the only physical activity while on safari is limited to walking to/from your room from the main public areas of our hotels/lodges (some of which are spread out). One must also be aware that our programs are ambitious -- some early starts, long/full days of road travel on some poor/rough roads, and some dust and heat, which can cause fatigue over time.

Overnight in Lake Kivu (our base for Nyungwe Forest National Park).

Included Meal(s): Breakfast, Lunch and Dinner

#### **Day 4 Nyungwe Forest - Lake Kivu & Boat Excursion - Kigali**

This morning after breakfast we'll bid farewell to the enchanting Nyungwe Forest region. Our journey takes us north along the scenic Kivu Belt Road, hugging the shores of Lake Kivu as we make our way to the charming town of Kibuye. The 130-kilometer (80 mi) drive takes approximately 2 hours, offering breathtaking views of the lake and its surroundings.

Upon arrival, we'll embark on a leisurely 2-hour Boat Excursion on the calm waters of Lake Kivu. As we glide across the lake, we'll have the opportunity to hike up Napoleon Island Hill, which offers panoramic views of the surrounding landscape. Keep your eyes peeled for the infamous "swimming cows" – a unique sight that's sure to delight!

After our boat trip, we'll head to a picturesque lake shore hotel for lunch and some time to freshen up, after which we'll depart Kibuye and head east, beginning our journey back to Kigali. The 130-kilometer drive takes approximately 3.5 hours, giving us plenty of time to reflect on the incredible experiences we've had so far.

Upon arrival in Kigali, we'll check into our hotel and enjoy some time at leisure. Dinner is on your own account tonight, giving you the freedom to choose from Kigali's many restaurants and cafes.

Overnight in Kigali.

Included Meal(s): Breakfast and Lunch

#### **Day 5 Kigali - Genocide Museum - Parc National des Volcans**

Today we transfer to the Parc National des Volcans (115 km/71 mi, +/- 3 hours).

But first we make a significant stop at the Kigali Genocide Memorial. This poignant memorial, established in 2004, commemorates the tenth anniversary of the Rwandan genocide. While the genocide was a complex event with multifaceted causes, it remains a dark chapter in Rwandan history. Visiting the Genocide Memorial is a powerful and thought-provoking experience. It offers a sobering look at the tragic events of 1994, highlighting the resilience and strength of the Rwandan people. As we learn about the history and the impact of the genocide, we'll gain a deeper appreciation for the country's journey toward healing and reconciliation.

After a break for lunch in Kigali, we depart for the Parc National des Volcans. "In the heart of Central Africa, so high up that you shiver more than you sweat," wrote the eminent primatologist Dian Fossey, "are great, old volcanoes towering up almost 15,000 feet, and nearly covered with rich, green rainforest - the Virungas." Situated in the far northwest of Rwanda, the Parc des Volcans protects the steep slopes of this magnificent mountain home of the rare mountain gorilla and the rich mosaic of montane ecosystems, which embrace evergreen and bamboo forest, open grassland, swamp and heath.

Overnight at Parc National des Volcans.

Included Meal(s): Breakfast, Lunch and Dinner

#### **Day 6 Parc National des Volcans: Twin Lakes & Village**

We'll start our day with a leisurely walk to the Ellen DeGeneres/Dian Fossey Gorilla Fund, a fantastic opportunity to learn more about gorillas and the remarkable work of Dian Fossey. The center offers informative exhibits and educational programs whereby visitors can gain valuable insights into gorilla conservation efforts and the challenges these magnificent creatures face.

We then have a scenic drive to the picturesque Twin Lakes of Burera and Ruhondo. Upon arrival at Virunga Lodge, we'll enjoy a short walk, taking in the stunning views of the surrounding mountains and the tranquil waters.

We'll then head to the bustling Musanze market. As we wander through the vibrant market, we'll immerse ourselves in the local culture,

experiencing the sights, sounds, and smells of this bustling marketplace. We'll have the opportunity to interact with local vendors and learn about their products, from fresh produce to handcrafted souvenirs.

At some point during our stay, we'll be able to trek to walk to the edge of the forest with the hope of seeing endangered Golden Monkeys, a rare treat to watch these unique primates play and perform in the forest (the walking involved depends on where the monkeys are at the time of our visit. More information on this once we arrive in the area).

Overnight near Parc National des Volcans.

Included Meal(s): Breakfast, Lunch and Dinner

### **Day 7 Parc National des Volcans: Gorilla Trekking**

Parc National des Volcans: Gorilla Trekking\*

Early this morning we drive to the park headquarters where we are briefed by the guides of the Parc des Volcans before we start our gorilla trek. This 13,000-hectare national park protects the Rwanda sector of the Virunga Mountains, a range of six extinct and three active volcanoes which straddle the border with Uganda and the Democratic Republic of Congo. Bamboo forest is interspersed with alpine moorland, grassland and marsh.

Tracking the gorillas through the light mountain forest on the slopes of the Virungas is a magical experience. If you are lucky you will get to the gorillas, spend an hour with them, and be back at the base in time for a late lunch. Some gorilla families however are more elusive, and tracking can take a full day... especially when wet and muddy.

The Mountain Gorillas in the Parc National des Volcans are part of a worldwide population of just 740 individuals. The gorillas we are allowed to track belong to one of five habituated family groups. For up to five years each, these groups have undergone an extremely delicate process that has gradually brought them to tolerate the presence of humans for a brief period every day and allowed a few privileged visitors to interact with them in the wild.

The gorillas are by no means tame, and are completely wild animals. However, experienced guides will accompany us on our tracking, many of who have been involved in the habituation process themselves. The guides will use their knowledge of the gorillas' habits and information from the previous day to locate the group's whereabouts. Because of this, the time taken to track the gorillas varies enormously, from as little as 1 hour to as much as 8 hours before one returns to base. Once the gorillas are located, our group will be allowed a maximum of one hour with them.

Please remember that the mountain gorillas are a wild animal and are not enclosed in any form and free to move as they please. For this reason actual sightings of the gorilla groups cannot be guaranteed. For more information on gorilla tracking in Rwanda, go to [www.ortpn.gov.rw](http://www.ortpn.gov.rw).

□

\* We have assigned our East African offerings in Rwanda, Kenya & Tanzania our lowest Difficulty Rating Level 1, strictly with respect to physical activity that occurs OUTSIDE of our one-day chimpanzee and/or gorilla trekking hikes, which can specifically be rated a LEVEL 3 (you can review info on all three levels via the "Tour Styles" on this tour's webpage). Aside from these two excursions, the only physical activity while on safari is limited to walking to/from your room from the main public areas of our hotels/lodges (some of which are spread out). One must also be aware that our programs are ambitious -- some early starts, long/full days of road travel on some poor/rough roads, and some dust and heat, which can cause fatigue over time.

Overnight near Parc National des Volcans.

Included Meal(s): Breakfast, Lunch and Dinner

### **Day 8 Parc National des Volcans - Kigali**

This morning we'll embark on a cultural immersion experience, visiting a nearby village. We'll witness firsthand the daily lives of the locals, observing their farming techniques, beekeeping practices, and traditional clothing-making processes. We'll also have the chance to explore their homes and gain a deeper understanding of their way of life.

Later today we travel back to Kigali arriving later in the afternoon.

Overnight in Kigali.

Included Meal(s): Breakfast and Dinner

### **Day 9 Kigali, Rwanda - Fly to Nairobi, Kenya**

Today we fly to Nairobi, Kenya.

Part of Maasai land when the British arrived, Kenya's modern capital grew with the development of the railway. Derived from a Maasai word meaning "Cold Water," Nairobi is a pleasant mix of colonial British with modern and traditional African influences.

\* NOTE: This flight is included if you purchase your international air through Adventures Abroad. Land Only passengers can purchase this for an extra charge (pricing is subject to change without notice, but it has historically been in the range of USD\$350 per person).

Overnight in Nairobi.

Included Meal(s): Breakfast and Dinner

### **Day 10 Nairobi - Ol Pejeta Conservancy**

Today we travel from Nairobi, through the "White Highlands," so called because of the large number of Europeans who settled here, northwards to the lower slopes of Mt Kenya, rising to 5199 m (16,728 feet), Africa's second highest peak. Our (+/- 4 hour) drive will take us into the Central Highlands, the heartland of the Kikuyu people. This is a very fertile region, well-watered, intensively cultivated, and thickly forested. The land was coveted by the Europeans who began arriving in ever-increasing numbers once the railway through the area was completed. The settlers established coffee and tea plantations on the eastern slopes of Mt Kenya and cultivated wheat on the western slopes.

Our destination is Sweetwaters, a luxury tented camp clustered around a water hole and set in the pristine calm of the private Ol Pejeta Conservancy, a non-profit organization supporting endangered species, tourism and community outreach. Ol Pejeta is East Africa's largest Black Rhino sanctuary, the only place in Kenya to see chimpanzees, and holds some of the highest predator densities in Kenya.

This afternoon we'll enjoy our first game drive within the conservancy.

Overnight at Sweetwaters.

Included Meal(s): Breakfast, Lunch and Dinner

### **Day 11 Ol Pejeta Conservancy**

Ol Pejeta Conservancy is a sprawling landscape, a mosaic of diverse habitats stretching across over 350 square kilometers. Imagine rolling grass plains, interspersed with wooded grasslands, acacia woodlands, and patches of dense evergreen thickets – all contributing to a rich and varied ecosystem. This diversity of habitats supports an astounding variety of animals, including, of course, the iconic "Big Five" – lion, leopard, elephant, rhino, and buffalo.

Today, we'll immerse ourselves in this wildlife haven with both morning and afternoon game drives, maximizing our chances of encountering its incredible inhabitants. But that's not all! We'll also have the unique opportunity to visit the Sweetwaters Chimpanzee Sanctuary, a truly special place. This sanctuary is the only one of its kind in Kenya, providing a refuge for the highly endangered and remarkably intelligent chimpanzee species. These chimpanzees, often orphaned or rescued from abusive situations in West and Central Africa, find a safe and nurturing home here. The sanctuary's dedicated staff carefully nurses them back to health, allowing them to live out their days in the security of a vast, natural enclosure. It's a chance to witness these fascinating primates up close and learn about the important conservation work being done to protect them.

Overnight at Sweetwaters Camp.

Included Meal(s): Breakfast, Lunch and Dinner

### Day 12 Ol Pejeta - Great Rift Valley - Lake Nakuru National Park

This morning we travel to Lake Nakuru, a shallow soda lake in the Rift Valley (+/- 5 hours). The Rift Valley was created millions of years ago under the strain of enormous volcanic eruptions which resulted in a giant split in the earth's surface from Syria to Mozambique. Lava flowed into the valley, forming escarpments on either side of the gigantic trough which can be up to 80 km (50 miles) wide, big enough to be visible from space. At the lake, depending on the water levels, we may have the opportunity to see flamingos,\* in addition to the over 340 species of birds that have been recorded in the Rift Valley!

Lake Nakuru is very shallow and can fluctuate up to five metres (12 feet) each day. When the water is low, you can see a white band of crystallized soda along the shoreline. This is also one of the best places in Kenya to view the rare White Rhino as we explore the park on our afternoon game drive.

\* This, and other Rift Valley lakes, have been known in the past for huge numbers of flamingos; however, this can be very "hit and miss" owing to seasonal variations in rainfall and water level, and the increasing frequency of drought. The best we can do is hope for the best!

Overnight in Lake Nakuru National Park.

Included Meal(s): Breakfast, Lunch and Dinner

### Day 13 Lake Nakuru - Maasai Mara National Reserve

We rise early this morning and bid farewell to Lake Nakuru National Park, continuing our journey through the dramatic landscapes of the Great Rift Valley. Our route takes us past the serene beauty of Lake Naivasha and the imposing presence of nearby Mount Longonot. This relatively young volcano serves as a stark reminder of the Rift Valley's turbulent geological history. Our drive time today is approximately six hours (plus time for a lunch break en route), which includes a stretch on a less-than-perfect road.

Early-to-mid afternoon, we'll arrive at our lodge nestled within the world-renowned Maasai Mara National Reserve. After check-in and a well-deserved breather, we'll embark on another thrilling game drive, venturing out into the reserve in search of its incredible inhabitants. The possibilities are endless, and every game drive offers a unique and unforgettable experience.

The Maasai Mara is essentially a seamless extension of the vast Serengeti ecosystem, and it boasts an astonishing concentration of wildlife. This reserve is home to the largest population of lions in all of Kenya, a testament to its rich biodiversity. Large herds of plains game roam freely across the Mara's grasslands, creating a spectacle of nature at its finest. The Maasai Mara is also arguably the best place in Kenya to spot cheetahs, those sleek and graceful hunters.

Time-permitting, we may have the opportunity to visit a local Maasai village. This cultural immersion would provide a fascinating glimpse into the Maasai people's traditional way of life, allowing us to meet its residents and learn about their customs and beliefs. If time constraints prevent us from visiting the village today, we'll make every effort to arrange this experience on our return journey to Nairobi.

Overnight in the Maasai Mara.

Included Meal(s): Breakfast, Lunch and Dinner

### Day 14 Maasai Mara National Reserve

The Maasai Mara National Reserve, a seemingly endless expanse of rolling grasslands, sits at the northern edge of the vast Serengeti Plain. Widely regarded as Kenya's premier park, the Mara plays a crucial role in one of nature's greatest spectacles: the annual wildebeest migration. These massive herds journey north from Tanzania around the end of June, gracing the Mara with their presence before returning south around the end of September. This incredible movement of animals is a sight to behold.

"The Mara," as it's affectionately known, is a haven for wildlife, supporting all of the famed "Big Five" – lion, elephant, leopard, rhinoceros, and

buffalo. Beyond these iconic creatures, the reserve teems with an astonishing abundance of herding animals, including zebras, gazelles, and antelopes, as well as a rich diversity of other wildlife. As you traverse the reserve, you'll likely encounter the stately Maasai men and youth, easily recognizable by their distinctive attire, tending to their cattle and goats along the roadside. Their presence adds a unique cultural dimension to the Mara's natural beauty.

Today we've dedicated a full day to exploring this remarkable reserve, with both morning and afternoon game drives planned. This will give us ample opportunity to witness the incredible wildlife that calls the Maasai Mara home, from the majestic predators to the vast herds of herbivores, and everything in between. Every game drive in the Mara is a unique adventure, filled with the potential for unforgettable encounters.

In the Mara you will also have an optional opportunity to ascend over the northern Serengeti at daybreak in a hot air balloon (optional expense). From over 300m (984 feet) above, you will be able to view the vast land and the myriad animals that inhabit the Maasai Mara. Today or tomorrow are the best days to participate in this activity - details sent upon booking.

Overnight in the Maasai Mara National Reserve.

Included Meal(s): Breakfast, Lunch and Dinner

### **Day 15 Maasai Mara National Reserve**

We enjoy another full day with game viewing in Maasai Mara. Depending on the season and current game locations and viewing conditions, we may divide our day into morning and afternoon drives, or take our lunches with us in order to venture further into the reserve if conditions warrant.

Overnight in the Maasai Mara National Reserve.

Included Meal(s): Breakfast, Lunch and Dinner

### **Day 16 Maasai Mara - Nairobi**

After breakfast, we'll embark on our journey back to Nairobi. The drive itself is expected to take approximately six hours, factoring in comfort stops along the way.

A highlight of our return journey will be a visit to the Karen Blixen Museum, conveniently located just outside of Nairobi. This isn't just a quick photo opportunity; we'll delve into the fascinating story of Baroness Karen Blixen-Finecke. Imagine stepping back in time to the 1920s and 30s – this Danish Baroness made Kenya her home in 1918 and lived here until 1931. It was during this period that she drew inspiration for her most famous work, "Out of Africa," published in 1937 under her pen name, Isaac Dineson.

The museum itself is Blixen's beautifully restored former home. It offers a unique glimpse into her life in colonial Kenya, showcasing the style and furnishings of the era. As we tour the house, we'll learn about her struggles and triumphs, her relationships, and the profound connection she felt to the African landscape. It's a chance to connect with the author behind the iconic book and gain a deeper understanding of the historical context that shaped her writing.

We'll make a lunch stop in the vicinity before continuing to our Nairobi hotel.

Overnight in Nairobi.

Included Meal(s): Breakfast and Dinner

### **Day 17 Nairobi - Amboseli National Park**

Our adventure continues today as we journey south from the bustling city of Nairobi to the breathtaking Amboseli National Park. The drive is estimated to take around four hours, though this can vary slightly depending on the specific location of our lodge within the park and, of course, the wildlife we encounter along the way. Keep your eyes peeled – you never know what surprises the African bush might have in

store!

Amboseli National Park boasts a truly spectacular setting. Straddling the border with Tanzania, it lies on the vast African plain, offering unparalleled views of the majestic Mount Kilimanjaro. Towering above the landscape at a staggering 5894 meters (19,300 feet), Kilimanjaro is the highest peak on the entire African continent. Its iconic, snow-capped cone often appears to float ethereally above the shimmering plains, creating a truly awe-inspiring vista.

Amboseli is renowned worldwide for its thriving populations of elephants. These magnificent creatures roam freely across the park's open grasslands, often dusting themselves with the distinctive red soil, which gives their skin a particularly dramatic, almost ochre hue. This afternoon, we'll embark on a game drive within Amboseli. Picture this: herds of elephants grazing peacefully on the open plains, with the colossal Mount Kilimanjaro providing a picture-perfect backdrop. We'll be on the lookout for other incredible wildlife as well, but the chance to witness these gentle giants in their natural habitat, with such an iconic mountain as a witness, is an experience you won't soon forget (weather permitting, of course – Kilimanjaro can sometimes be shy behind the clouds!).

Overnight in the Amboseli National Park.

Included Meal(s): Breakfast, Lunch and Dinner

### **Day 18 Amboseli, Kenya - Lake Manyara National Park, Tanzania**

Our Tanzanian adventure begins this morning as we cross the border from Kenya into Tanzania at Namanga. From there, we'll journey onwards to Lake Manyara National Park, passing through the vibrant town of Arusha. Arusha serves as the gateway to Tanzania's renowned northern safari circuit, and it's a bustling hub of activity. Our total travel time today is expected to be around five hours, though the border crossing itself can also sometimes take a little time.

Lake Manyara National Park, though the smallest of the northern Tanzanian parks at 330 square kilometers (two-thirds of which is the lake itself), packs a big punch in terms of biodiversity. Its diverse vegetation ranges from open savannah grasslands to lush groundwater forests and vital riparian habitats, creating a rich tapestry of ecosystems. The lake is a haven for birdlife, most notably thousands of pelicans, ibis, and flamingos. Their calls and vibrant colours create a spectacle that can be experienced even from a distance.

After lunch at our lodge, we'll embark on an afternoon game drive within Lake Manyara National Park. The park's location at the base of the dramatic Great Rift Valley escarpment adds to its scenic beauty. Its diverse landscape, encompassing forests, woodlands, grasslands, and swamps, provides habitat for a wide array of wildlife. While the birdlife is undoubtedly a major draw, the park also boasts a healthy population of other animals. We'll be on the lookout for buffalo, elephants, graceful giraffes, impalas, hippos, and a fascinating variety of smaller creatures.

Overnight at Lake Manyara.

Included Meal(s): Breakfast, Lunch and Dinner

### **Day 19 Lake Manyara - Serengeti National Park**

This morning we embark on a scenic journey into the renowned Ngorongoro Conservation Area. This protected area boasts a stunning, rolling landscape, offering periodic, breathtaking glimpses of the Ngorongoro Crater itself. Before we make our descent onto the seemingly endless Serengeti Plain, we'll pause at a designated viewpoint to fully appreciate the sheer scale and beauty of the crater.

The very name "Serengeti" is derived from the Maasai language, meaning "Land-without-end," and it's a fitting description. This is a place of superlatives, where the vastness of the landscape is matched only by the incredible biodiversity it sustains.

Our journey today, including our game drive, will take approximately five hours, though this can vary depending on the wildlife we encounter along the way and the location of our lodge within the Serengeti. This afternoon's game drive will serve as a wonderful introduction to this remarkable landscape and the diverse array of animals that call it home. Our guides will help us spot and identify the various species, sharing their knowledge of the Serengeti ecosystem and the intricate relationships between its inhabitants.

□

Overnight in the Serengeti National Park.

Included Meal(s): Breakfast, Lunch and Dinner

### Day 20 Serengeti National Park

Today we have a full day of game viewing on the Serengeti. We will visit the "kopjes," a series of low, incongruous hills dotting the open landscape that often provide a vantage point for hungry predators contemplating the endless stream of hoofed animals parading past them. Depending on the season and the timing of the rains, up to 1.5 million wildebeest and a half a million zebra embark on a single-minded and perilous quest for water and grazing land. Following this spectacle, of course, are the meat-eating opportunists, hoping to capitalize on the physical toll this journey exacts on the desperate grazers. Even outside of "migration" time, large herds are still seen as they bear their young and feed, gaining strength for their annual return to the park's northern reaches. Resident species that do not migrate make for rewarding animal viewing in any season.

□ It may be possible to take an optional hot-air balloon safari over the plains at daybreak; today is the best day to participate in this activity -- details will be sent upon booking.

Overnight in the Serengeti National Park.

Included Meal(s): Breakfast, Lunch and Dinner

### Day 21 Serengeti - Olduvai Gorge - Ngorongoro Conservation Area

Travelling back to Ngorongoro today we make a stop at Olduvai Gorge, site of the Leakey excavations in the 1960s and 70s that established this region as the prehistoric habitat of some of the earliest species of hominids with some finds dating back 1.8 million years. Experts in the life sciences have argued that the Olduvai contribution to the story of human origins remains unsurpassed by any other prehistoric site in the world. A small museum on site outlines the unique geological and human history of the area.

□ Called the 'eighth wonder of the world' and stretching across some 8300 sq km, the Ngorongoro Conservation Area boasts a blend of landscapes, wildlife, people and archaeology that is unsurpassed in Africa. The volcanoes, grasslands, waterfalls and mountain forests are home to an abundance of animals and to the Maasai. Ngorongoro Crater is one of the world's greatest natural spectacles and its magical setting and abundant wildlife never fail to enthrall visitors. Depending on road conditions, gorge stop, animal sightings, and lodge placement, this journey can be 5-6 hours.

□ Overnight in the vicinity of Ngorongoro Conservation Area.

Included Meal(s): Breakfast, Lunch and Dinner

### Day 22 Ngorongoro Conservation Area

Today promises an unforgettable experience as we embark on a half-day tour within the magnificent Ngorongoro Conservation Area, a designated UNESCO World Heritage Site. After an early breakfast to maximize our time, we'll descend into the heart of the Ngorongoro Crater, a truly breathtaking natural wonder. This massive caldera, spanning 20 kilometers (13 miles) in diameter and boasting walls reaching 700 meters (2,300 feet) high, is a microcosm of African wildlife.

The crater floor is a diverse ecosystem teeming with life, and our game drive will take us through this incredible setting. We'll be on the lookout for the famed "Big Five" - lion, leopard, elephant, rhino, and buffalo - any sighting of which is always a thrill. But the crater is also home to a plethora of other fascinating creatures. Keep your eyes peeled for herds of wildebeest, graceful gazelles, zebras with their distinctive stripes, and lumbering hippopotamuses. Adding to the spectacle, thousands of vibrant flamingos often gather on Lake Magadi, creating a stunning display of colour against the backdrop of the crater walls.

\* In order to reduce congestion and stress on wildlife, the Tanzanian government limits visitors to half-day visits of the crater. Depending on what time "window" we are assigned, our excursion may take place first thing in the morning, or later in the afternoon (both of which are equally advantageous for game viewing, given the relatively mild climate at this altitude).

□

Overnight in the vicinity of Ngorongoro Conservation Area.

Included Meal(s): Breakfast, Lunch and Dinner

### Day 23 Ngorongoro - Arusha - Depart

This morning we descend the Ngorongoro Highlands, retracing our steps back to Arusha via a lunch stop at Gibb's Farm. Founded during German colonial times and still privately owned, Gibb's Farm is now a small hotel perched on the outer slopes of the Ngorongoro Highlands, surrounded by coffee plantations with long views over lush and beautiful agricultural country.

We pass again through the town of Mto Wa Mbu ('Mosquito Creek'), famous for its lively cosmopolitan atmosphere and red bananas, which taste the same as regular bananas but their skins are a startling bright red. We continue to Arusha to connect with homeward evening flights (a +/- 5 hour journey including lunch).

LAND ONLY PASSENGERS need to take into account our morning journey when booking their flights out of Arusha (JRO). Your departure should occur no earlier than 8:00 pm.

SAFARI NJEMA!

Included Meal(s): Breakfast and Lunch
