ADVENTURESABROAD

TANZANIA

with Amboseli (Kenya) & Zanzibar

13 days

Created on: 12 Nov, 2026

Day 1 Arrive in Nairobi

Today we arrive in Nairobi, the capital of Kenya.

Part of Maasai land when the British arrived, this modern capital grew with the development of the railway. Derived from a Maasai word meaning "Cold Water," Nairobi is a pleasant mix of colonial British with modern and traditional African influences.

Overnight in Nairobi.

Included Meal(s): Dinner

Day 2 Nairobi - Amboseli National Park

Our adventure continues today as we journey south from the bustling city of Nairobi to the breathtaking Amboseli National Park. The drive is estimated to take around four hours, though this can vary slightly depending on the specific location of our lodge within the park and, of course, the wildlife we encounter along the way. Keep your eyes peeled – you never know what surprises the African bush might have in store!

Amboseli National Park boasts a truly spectacular setting. Straddling the border with Tanzania, it lies on the vast African plain, offering unparalleled views of the majestic Mount Kilimanjaro. Towering above the landscape at a staggering 5894 meters (19,300 feet), Kilimanjaro is the highest peak on the entire African continent. Its iconic, snow-capped cone often appears to float ethereally above the shimmering plains, creating a truly awe-inspiring vista.

Amboseli is renowned worldwide for its thriving populations of elephants. These magnificent creatures roam freely across the park's open grasslands, often dusting themselves with the distinctive red soil, which gives their skin a particularly dramatic, almost ochre hue. This afternoon, we'll embark on a game drive within Amboseli. Picture this: herds of elephants grazing peacefully on the open plains, with the colossal Mount Kilimanjaro providing a picture-perfect backdrop. We'll be on the lookout for other incredible wildlife as well, but the chance to witness these gentle giants in their natural habitat, with such an iconic mountain as a witness, is an experience you won't soon forget (weather permitting, of course – Kilimanjaro can sometimes be shy behind the clouds!).

Overnight in the Amboseli National Park.

Included Meal(s): Breakfast, Lunch and Dinner

Day 3 Amboseli, Kenya - Lake Manyara National Park, Tanzania

Our Tanzanian adventure begins this morning as we cross the border from Kenya into Tanzania at Namanga. From there, we'll journey onwards to Lake Manyara National Park, passing through the vibrant town of Arusha. Arusha serves as the gateway to Tanzania's renowned northern safari circuit, and it's a bustling hub of activity. Our total travel time today is expected to be around five hours, though the border crossing itself can also sometimes take a little time.

Lake Manyara National Park, though the smallest of the northern Tanzanian parks at 330 square kilometers (two-thirds of which is the lake itself), packs a big punch in terms of biodiversity. Its diverse vegetation ranges from open savannah grasslands to lush groundwater forests and vital riparian habitats, creating a rich tapestry of ecosystems. The lake is a haven for birdlife, most notably thousands of pelicans, ibis, and flamingos. Their calls and vibrant colours create a spectacle that can be experienced even from a distance.

After lunch at our lodge, we'll embark on an e afternoon game drive within Lake Manyara National Park. The park's location at the base of the dramatic Great Rift Valley escarpment adds to its scenic beauty. Its diverse landscape, encompassing forests, woodlands, grasslands, and swamps, provides habitat for a wide array of wildlife. While the birdlife is undoubtedly a major draw, the park also boasts a healthy population of other animals. We'll be on the lookout for buffalo, elephants, graceful giraffes, impalas, hippos, and a fascinating variety of smaller creatures.

Overnight at Lake Manyara.

Included Meal(s): Breakfast, Lunch and Dinner

Day 4 Lake Manyara - Serengeti National Park

This morning we embark on a scenic journey into the renowned Ngorongoro Conservation Area. This protected area boasts a stunning, rolling landscape, offering periodic, breathtaking glimpses of the Ngorongoro Crater itself. Before we make our descent onto the seemingly endless Serengeti Plain, we'll pause at a designated viewpoint to fully appreciate the sheer scale and beauty of the crater.

The very name "Serengeti" is derived from the Maasai language, meaning "Land-without-end," and it's a fitting description. This is a place of superlatives, where the vastness of the landscape is matched only by the incredible biodiversity it sustains.

Our journey today, including our game drive, will take approximately five hours, though this can vary depending on the wildlife we encounter along the way and the location of our lodge within the Serengeti. This afternoon's game drive will serve as a wonderful introduction to this remarkable landscape and the diverse array of animals that call it home. Our guides will help us spot and identify the various species, sharing their knowledge of the Serengeti ecosystem and the intricate relationships between its inhabitants.

Overnight in the Serengeti National Park.

Included Meal(s): Breakfast, Lunch and Dinner

Day 5 Serengeti National Park

Today we have a full day of game viewing on the Serengeti. We will visit the "kopjes," a series of low, incongruous hills dotting the open landscape that often provide a vantage point for hungry predators contemplating the endless stream of hoofed animals parading past them. Depending on the season and the timing of the rains, up to 1.5 million wildebeest and a half a million zebra embark on a single-minded and perilous quest for water and grazing land. Following this spectacle, of course, are the meat-eating opportunists, hoping to capitalize on the physical toll this journey exacts on the desperate grazers. Even outside of "migration" time, large herds are still seen as they bear their young and feed, gaining strength for their annual return to the park's northern reaches. Resident species that do not migrate make for rewarding animal viewing in any season.

It may be possible to take an optional hot-air balloon safari over the plains at daybreak; today is the best day to participate in this activity -- details will be sent sent upon booking.

Overnight in the Serengeti National Park.

Included Meal(s): Breakfast, Lunch and Dinner

Day 6 Serengeti - Olduvai Gorge - Ngorongoro Conservation Area

Travelling back to Ngorongoro today we make a stop at Olduvai Gorge, site of the Leakey excavations in the 1960s and 70s that established this region as the prehistoric habitat of some of the earliest species of hominids with some finds dating back 1.8 million years. Experts in the life sciences have argued that the Olduvai contribution to the story of human origins remains unsurpassed by any other prehistoric site in the world. A small museum on site outlines the unique geological and human history of the area.

Called the 'eighth wonder of the world' and stretching across some 8300 sq km, the Ngorongoro Conservation Area boasts a blend of landscapes, wildlife, people and archaeology that is unsurpassed in Africa. The volcanoes, grasslands, waterfalls and mountain forests are home to an abundance of animals and to the Maasai. Ngorongoro Crater is one of the world's greatest natural spectacles and its magical setting and abundant wildlife never fail to enthral visitors. Depending on road conditions, gorge stop, animal sightings, and lodge placement, this journey can be 5-6 hours.

Overnight in the vicinity of Ngorongoro Conservation Area.

Included Meal(s): Breakfast, Lunch and Dinner

Day 7 Ngorongoro Conservation Area

Today promises an unforgettable experience as we embark on a half-day tour within the magnificent Ngorongoro Conservation Area, a designated UNESCO World Heritage Site. After an early breakfast to maximize our time, we'll descend into the heart of the Ngorongoro Crater, a truly breathtaking natural wonder. This massive caldera, spanning 20 kilometers (13 miles) in diameter and boasting walls reaching 700 meters (2,300 feet) high, is a microcosm of African wildlife.

The crater floor is a diverse ecosystem teeming with life, and our game drive will take us through this incredible setting. We'll be on the lookout for the famed "Big Five" – lion, leopard, elephant, rhino, and buffalo – any sighting of which is always a thrill. But the crater is also home to a plethora of other fascinating creatures. eep your eyes peeled for herds of wildebeest, graceful gazelles, zebras with their distinctive stripes, and lumbering hippopotamuses. Adding to the spectacle, thousands of vibrant flamingos often gather on Lake Magadi, creating a stunning display of colour against the backdrop of the crater walls.

* In order to reduce congestion and stress on wildlife, the Tanzanian government limits visitors to half-day visits of the crater. Depending on what time "window" we are assigned, our excursion may take place first thing in the morning, or later in the afternoon (both of which are equally advantageous for game viewing, given the relatively mild climate at this altitude).

Overnight in the vicinity of Ngorongoro Conservation Area.

Included Meal(s): Breakfast, Lunch and Dinner

Day 8 Ngorongoro - Gibb's Farm - Arusha

This morning we begin our descent from the Ngorongoro Highlands, retracing our route back towards Arusha. Our journey includes a delightful lunch stop at the charming Gibb's Farm. This unique establishment has a fascinating history, having been founded during the German colonial era. Still privately owned today, Gibb's Farm operates as a small, boutique hotel nestled on the outer slopes of the Ngorongoro Highlands. Surrounded by verdant coffee plantations, the farm offers breathtaking, sweeping views of the lush and beautiful agricultural landscape that stretches out before it. It's a perfect spot to relax, enjoy a delicious meal, and soak in the tranquility of the surroundings.

As we continue our drive, we'll once again pass through the bustling town of Mto Wa Mbu, which translates to "Mosquito Creek." This vibrant town is known for its lively and cosmopolitan atmosphere, a melting pot of cultures and traditions. It's also famous for its distinctive red bananas. These intriguing fruits, while tasting very similar to regular bananas, are a visual treat with their startlingly bright red skins.

We arrive back in Arusha later this afternoon.

Overnight in Arusha.

Included Meal(s): Breakfast, Lunch and Dinner

Day 9 Arusha - Fly to Zanzibar: Town Tour

This morning we fly to Zanzibar and transfer to our hotel in Stone Town.

Zanzibar is an archipelago made up of Zanzibar and Pemba Islands, and several islets. Zanzibar Island is 96 km (60 miles) long and 32 km (20 miles) wide, occupying a total area of approximately 1040 km sq (650 sq miles). It is characterised by beautiful sandy beaches with fringing coral reefs, and the magic of historic Stone Town -- said to be the only functioning ancient town in East Africa.

Zanzibar's local people are an incredible mixture of ethnic backgrounds, indicative of her colourful history. Islam is the dominant religion, and practiced by most Zanzibaris, although there are also followers of Christianity and Hinduism. Population is estimated at 800,000, with the largest concentration being Zanzibar City, which has approximately 100,000 inhabitants. Zanzibaris speak Swahili (known locally as

Kiswahili), a language spoken extensively in East Africa. Many believe that the purest form is spoken in Zanzibar as it is the birthplace of the language.

This afternoon we have a walking tour of Stone Town, the old city and cultural heart of Zanzibar, little changed in the last 200 years. It is a place of winding alleys, bustling bazaars, mosques and grand Arab houses whose original owners vied with each other over the extravagance of their dwellings. This one-upmanship is particularly reflected in the brass-studded, carved, wooden doors -- there are more than 500 different examples of this handiwork. Our tour takes us to the House of Wonders, the Palace Museum (People's Palace), the old slave market, the Arab Fort, and the Hamamni Persian Baths. Stone Town has some excellent gifts shops with plenty of souvenirs and handicrafts to choose from.

NOTE: The exact order of our Zanzibar sightseeing may vary depending on variables such as weather and other logistical considerations.

Overnight on Zanzibar (Stone Town).

Included Meal(s): Breakfast and Dinner

Day 10 Jozani Forest & Stone Town

This morning we visit the Jozani Natural Forest Reserve located in the central east region of Zanzibar Island, home to the rare red colobus monkey, endemic to Zanzibar. These monkeys are full of character and roam freely. They can also be seen at very close quarters just outside the reserve's perimeter and are incredibly photogenic. Jozani is home to other species including Syke's monkeys, small buck and bushpigs.

This afternoon is free to enjoy Stone Town. Most of the houses that can be seen today were built in the 19th Century when Zanzibar was one of the most important trading centres in the Indian Ocean region. The coraline rock of Zanzibar was a good building material, but it is also easily eroded. This is evident by the large number of houses that are in a bad state of repair. Several buildings have already been renovated and the Stone Town Conservation Authority has been established to coordinate the restoration of the town to its original magnificence.

Overnight on Zanzibar (Stone Town).

Included Meal(s): Breakfast and Dinner

Day 11 Spice Tour - East Coast

Today we check-out of our town-based hotel and travel to the island's east coast.*

En route we enjoy some touring along the way. The history of Zanzibar would be incomplete without a 'spice tour' -- cloves, nutmeg, cinnamon, pepper and many other spices were as important to the Sultans of Oman as the infamous slave trade. They can be seen in the plantations just outside Zanzibar town, and our morning tour includes opportunities to dazzle the senses with fresh spices. A detailed description is given about a variety of spices and their uses in cooking and cosmetics. It is fascinating the sheer number of spices produced and their incredible value for many ailments and culinary applications.

We then travel to our resort-style hotel located on a beach outside of Stone Town.

* PLEASE NOTE that local government on Zanzibar has levied a tax of US$1.00 per person for every night spent on the island. This amount is payable, in cash, directly to each hotel upon check-out. We regret that we are unable to pay this in advance on your behalf.

Overnight on Zanzibar.

Included Meal(s): Breakfast and Dinner

Day 12 Zanzibar: East Coast Resort

A day at leisure to enjoy the beach and to rest up after our journey…

Overnight on Zanzibar.

Included Meal(s): Breakfast and Dinner

Day 13 Departure from Zanzibar

We usually have some free time this morning before our afternoon departure from Zanzibar.

PLEASE NOTE that local government on Zanzibar has levied a tax of US$1.00 per person for every night spent on the island. This amount is payable, in cash, directly to each hotel upon check-out. We regret that we are unable to pay this in advance on your behalf.

SAFARI NJEMA!

Included Meal(s): Breakfast
